LEAD HAZARD REDUCTION GRANT PROGRAM (Federal Lead)
MAINE LEAD PAINT HAZARD ABATEMENT PROGRAM (State Lead)

SINGLE-FAMILY APPLICANT INFORMATION

INSTRUCTIONS: This *Applicant Information Form* describes the Lead Hazard Reduction Grant Program (Federal Lead) and Maine Lead-Paint Hazard Abatement Program (State Lead), collectively referred to as the “Lead Program,” requirements and provides a list of things that property owners need to know, and need to do before making a commitment to receive funds from the Lead Program. The Community Action Agency will access the needs of the Applicant and make Lead Program funding recommendation based on Lead Program eligibility requirements. Applicant should retain this *Application Information* with their records.

1. HOW THE PROGRAM WORKS

MaineHousing’s Lead Program is administered by Community Action Agencies (CAA). The CAA will take an *Owner Application*, perform all necessary eligibility verifications, and inspect the work as it is being performed. After the Owner has signed all necessary documents and if all guidelines are met, MaineHousing will fund the project with Federal Lead Program and/or State Lead Program funds being held on the Owner’s behalf. MaineHousing uses funds from the U.S. Department of Housing & Urban Development, Real Estate Transfer Tax and other state and federal funds to provide funding for the Lead Program.

2. FEDERAL LEAD PROGRAM GENERAL INFORMATION

- a. A Federal Lead Grant is available for eligible Owner occupied single-family homes. The homeowner will be required to sign several documents, including an *Application*, grant documents, a *Construction Contract* and other documents necessary for completion of lead hazard abatement/remediation work. Homeowners must also provide proof of income (such as check stubs and complete income tax returns) and will need to provide proof of property ownership and property insurance (e.g, current property tax bill).
- b. The maximum Federal Lead Grant amount that a single-family homeowner can receive is \$16,000. The homeowner must use the dwelling benefiting from the receipt of Lead Program funds as the principal residence and there must be a child under the age of 6 years permanently residing in the home. This amount may not be enough to treat all of the lead hazards in the home. MaineHousing reserves the right to increase the loan amount on a case-by-case basis, contingent upon available funds. MaineHousing also reserves the right to declare the project too expensive or economically unfeasible and to deny the project.
- c. In addition to the Federal Lead Grant funds, additional grant money is available to conduct Healthy Homes Rating System (HHRS) environmental assessments in eligible homes and related Healthy Homes (HH) interventions in select units receiving Lead Program Grant funds. Healthy Homes interventions will address indoor allergens, household injury risks, mold, radon and other home-based environmental health hazards as identified by the HHRS. The maximum allowed funding pre HH intervention is \$3,238.
- d. Owners with properties located in a FEMA recognized Special Flood Hazard Area will not be allowed to participate in the Federal Lead Program.

3. STATE LEAD PROGRAM GENERAL INFORMATION

- a. A State Lead Grant is available for eligible Owner-occupied single-family homes. The homeowner will be required to sign several documents, including an *Application*, grant documents, a *Construction Contract* and other documents necessary for completion of lead hazard abatement/remediation work. Homeowners must also provide proof of property ownership and property insurance (e.g., current property tax bill).
- b. The maximum State Lead Grant amount that a single-family homeowner can receive is \$30,000. The homeowner must use the home as the principal residence. MaineHousing reserves the right to declare the project too expensive or economically unfeasible and to deny the project.
- c. The Owner of property that receives assistance under the State Lead Program shall pay a portion of abatement/remediation costs as follows: At least 10% of the costs of abatement if not under abatement orders; at least 25% of the costs of abatement if the building is under abatement orders.

4. TEMPORARY RELOCATION

- a. Single Family Owners may be eligible for relocation grants of up to \$1,450 for federally-funded projects or \$1,250 for state-funded projects to help with temporary relocation.
- b. Relocation grants can be used for moving expenses, costs for alternative housing and other relocation related expenses. Homeowners are responsible for having the home vacant and ready for contractor work prior to commencement of work.
- c. Owners may have to move furniture and belongings out of work areas so that the contractor can perform the work. Homeowners must find alternative housing for pets.

5. RETURNING HOME

The Owner cannot return home until all of the interior work is completed and the dust wipe clearance test passes. There may be additional work that needs to be completed on the exterior of the property. This can be done safely while the occupants live in the home.

5. ACKNOWLEDGEMENT OF LIMITED FUNDS

Funds being provided to me/us under the Lead Program may not be sufficient to address all lead hazards in or around the Property. The Owner will be responsible for providing any additional funds which may be necessary to address all such hazards. MaineHousing

reserves the right to deny any project if completion of project cannot be met under Program funding guidelines. MaineHousing will review each project on a case by case basis.

6. OTHER REQUIREMENTS

- a. Property insurance is required for all properties enrolled in the Lead Program.
- b. Only qualified, licensed abatement contractor can perform the work. Owners cannot use grant proceeds to pay for his/her own labor or to purchase his/her own materials to perform the work. **Note:** Owners who are licensed lead abatement contractors may seek pre-approval from MaineHousing for reimbursement of materials only. Owners who are licensed lead abatement contractors must receive pre-approval from MaineHousing in order to seek reimbursement for costs related to materials for the lead abatement project. Please contact the Community Action Agency for additional information.
- c. Work cannot commence until the *Application* is approved **AND** the required Lead Program Grant documents and other required Federal Program Grant documents have been signed. Any work started prior to Lead Program Grant closing will not be funded by MaineHousing.
- d. During the work, the contractor will need to use water, electricity and other utilities. The cost for the use of these utilities will be at the expense of the Owner.
- e. Site visits will be conducted by staff from the CAA and MaineHousing during the construction phase.

7. CONTRACTOR PROPOSALS

- a. The CAA will obtain a minimum of three bids from separate, qualified contractors to perform the work. The contractor must be a Maine Department of Environmental Protection licensed lead abatement contractor and or a Lead Smart Renovator (if the type of work allows for a Lead Smart Renovator).
- b. Owners should check the Contractor's past performance through references and the Better Business Bureau. The CAA may be able to assist.
- c. The CAA will award the project to the lowest bidder. If Owners choose a contractor whose bid is higher than another, **the Owner will be responsible** for paying the difference between the low bid and the bid the Owner chooses.

8. CONTRACTS

MaineHousing's Federal Lead Program and State Lead Program require a *Construction Contract* to be signed by the Owner and the chosen contractor. The CAA will provide the *Construction Contract*.

9. CONTRACTOR PAYMENTS

- a. No payments will be released to the contractor until the CAA authorizes payment. Final payment will be withheld until the contractor passes a visual inspection and a lead dust wipe clearance test performed by the CAA.
- b. The Owner, the chosen contractor and the CAA will enter into a *Construction Escrow Agreement*. This enables the CAA to hold and distribute the construction funds on the Owner's behalf and in accordance with program rules.

10. RESOLUTION OF DISPUTES

The dispute will be resolved in accordance with the terms outlined in the Construction Contract. The CAA is initially responsible for resolving disputes. If a dispute arises concerning the provisions of the signed *Construction Contract* or the performance by the parties, contact the CAA immediately and describe the complaint. If the CAA is unable to informally resolve the dispute, the CAA will assist the parties through the following process:

- a. Notice of Dispute. Within five business days of becoming aware of a dispute that is not readily resolved, the CAA will send MaineHousing a notice of the dispute with a copy of any written correspondence from the complainant. The CAA will also send a copy of the notice of dispute to the complainant. If MaineHousing learns of the dispute first, MaineHousing shall, within three working days send the CAA a notice of dispute along with any correspondence from the complainant. For the most efficient process, contact the CAA first, not MaineHousing.
- b. Informal Conference. The CAA will set up an informal conference to be held within fifteen days from when the CAA becomes aware of the dispute. The CAA will notify all parties of the date, time and place of the informal conference giving reasonable consideration to the schedules of all parties and the severity of the dispute. If the informal conference produces a resolution to the dispute, the CAA will prepare a document signed by all parties involved in the dispute that plainly states the agreed upon resolution.
- c. Dispute Resolution. The lead hazard construction contract and/or the general construction contract between the contractor and the Owner will contain three (3) options to resolve a dispute: 1) binding arbitration as regulated by the Maine Uniform Arbitration Act with the parties agreeing to accept as final the arbitrator's decision, 2) non-binding arbitration, with the parties free to not accept the arbitrator's decision and to seek satisfaction through other means, including a lawsuit., 3) mediation, with the parties agreeing to enter into good faith negotiations through a neutral mediator in order to attempt to resolve their differences. If the informal conference does not produce a resolution, the CAA will issue a document stating that no resolution was reached and the CAA will arrange the dispute resolution in accordance with the choice the parties agreed upon in the Construction Contract as soon as possible after the informal conference. The parties shall be responsible for splitting the cost of the dispute resolution option agreed upon in the Construction Contract.

IF YOU DO NOT UNDERSTAND ALL OF THE INFORMATION CONTAINED IN THIS APPLICANT INFORMATION, PLEASE CONTACT YOUR COMMUNITY ACTION AGENCY FOR CLARIFICATION BEFORE SIGNING.

The Owner has been selected to receive financial assistance under the MaineHousing Lead Hazard Reduction Grant Program (“Federal Lead” Program) and/or Maine Lead Paint Hazard Abatement Program (“State Lead” Program), collectively referred to as the “Lead Program,” to remediate lead-based paint hazards in the Owner’s home/apartment(s), and as a result, the Owner and the Contractor are entering into this Contract to complete lead remediation at the above address (the “Project”).

3. WORK

Contractor shall complete the work described in, and in accordance with, the following documents (the “Contract Documents”), which are incorporated herein by reference (the “Work”): (1) *Lead Contractor Standards and Conditions*, a copy of which is provided to the Owner and Contractor; and (2) *Lead Design Plan Specifications* prepared for the Project by a certified lead hazard design consultant (“Consultant”) (see Exhibit C attached).

6. PAYMENTS

The Contractor and the Owner hereby acknowledge that, because the Owner is the recipient of Program funds due the Contractor under this Contract, funds shall be paid to the Contractor by MaineHousing through the CAA within 30 days of the CAA’s receipt of all invoice and supporting materials received by the CAA from the Contractor. Payments the CAA issues to the Contractor depends on the size of the project. Advancing federal funds to Contractors is prohibited. Contractor should request payment for work completed and submit their request to the CAA with signed authorization from the Owner. Contractor’s request for payment must include documentation that describes the scope and nature of the work for which the contractor is requesting payment. The CAA shall act as the “Escrow Agent”. Contractor and Owner agree to comply with the terms of a Construction Escrow Agreement among the Escrow Agent, the Contractor and Owner.

If owner does not receive financing to cover the cost of the Contractor’s bid, this Contract is null and void.

- No monies will be disbursed up front in advance of the work. A sum of ten percent of the total Contract amount shall be withheld by the CAA until completion and approval of all work.
- Prior to issuing payment to the Contractor, the *Contractor Payment Request* form must be completed and approved/signed by the Contractor and the Owner. CAA must obtain a *Certificate and Release of Liens* for each payment being requested by the Contractor, prior to issuing payment.
- CAA must issue payment for work performed within thirty (30) calendar days of receipt of the contractor’s invoice. This requirement applies to any and all work performed under the Program(s). Upon receipt of the Contractor’s invoice, the corresponding Contractor Payment Request forms and Release of Liens, CAA will perform required inspections of the Contractor’s work within this thirty day time period.
- The CAA shall act as the “Escrow Agent” and will hold the funds for the performance of this Contract.
- Contractor and Owner agree to comply with the terms of a *Construction Escrow Agreement* among the Escrow Agent, the Contractor and Owner, including:
 - Certificate of Final Inspection* and *Final Payment Acknowledgment* (see Appendix Q) executed by the Owner and the appropriate Lead Inspector, as determined by the Escrow Agent;
 - Certificate and Release of Liens* (see Appendix I-B) executed by Contractor; and
 - And any further documentation as may be required by the CAA under the *Lead Program Guidance and Procedures* (Lead Guide).

7. HAZARDOUS WASTE EXPENSES

Hazardous waste expenses that are incurred, including waste disposal costs included in the Work performed for the Project shall be billed at cost. In order to receive payment for hazardous waste expenses, Contractor must submit a copy of the invoice from the hazardous waste transportation and disposal company that includes the company's name, address, phone number, and cost of transportation and disposal. Failure to provide such an invoice may result in nonpayment.

8. ACCESS TO WORK; MAINTENANCE OF RECORDS

The Owner, the CAA and/or MaineHousing shall have the right to inspect the Project, including, without limitation all Work done and all materials, supplies, equipment and fixtures furnished, installed or stored in, on or about the Project premises, and all books, subcontracts, and records of Contractor, at all reasonable times, which inspections the Owner acknowledges are for the sole benefit of MaineHousing. *Note: Entry into an active abatement area is strictly prohibited by any person(s) unlicensed to do so.*

9. FAILURE TO PERFORM

Failure by Contractor to perform any Work under this Contract for a period of two (2) consecutive working days at any time after commencement of the Work or failure by Contractor to complete the portion of the Work involving interior portions of the Project by the Interior End Date, without written consent of Owner, shall constitute a breach of the Contract, and Owner may, by written notice, terminate the Contract, and/or assess liquidated damages in the amount of \$50.00 per day for every working day that Contractor is not at the site without Owner approval.

10. LIENS

The final payment due under the Contract shall not become due until the Contractor, delivers to the Owner a complete release of all liens arising out of the Contract and receipts in full; in lieu thereof and, if required in either case, an affidavit that, so far as he/she has knowledge or information, the releases and receipts include all the labor and material for which a lien could be filed. The Contractor may, however, if any subcontractor refuses to furnish a release or receipt in full, furnish a bond satisfactory to the Owner, for indemnification against any lien. If any lien remains unsatisfied after all payments are made, the Contractor shall refund to the Owner all moneys that the latter may be compelled to pay in discharging such a lien, including all costs and attorney's fees.

11. PERMITS AND FEES

- b. In any and all claims against the Owner, the Owner's agents or employees, or the Consultant working on the Project, CAA, its agents or employees, by any employee of the Contractor, any subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this Paragraph shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable

by or for the Contractor or any subcontractor under Worker's Compensation Acts, disability benefit acts or other employee benefit acts.

13. INSURANCE

- a. Commercial General Liability Insurance. The Contractor shall procure and maintain during the life of the Contract, at its own cost, and show evidence to the Owner and CAA of Commercial General Liability Insurance, including special broad form property damage coverage, to protect it from claims and damages which may arise from operations under the Contract, whether such operations shall be performed by Contractor or by anyone directly or indirectly employed by it in the types and minimum amounts set forth below:

16. COOPERATION WITH CONTRACTOR

The Owner shall cooperate with Contractor to facilitate performance of the Work, including the reasonable movement of household furnishings away from the Work area. Owner shall permit Contractor to make reasonable use of existing utilities for the performance of the Work and such use shall be at the expense of the Owner. Owner shall be responsible for obtaining permission from abutting property owners to move work people and materials onto abutting properties for the purposes of completing the Work. Owner shall also ensure that no other contractor will interfere with Contractor's work. If the Owner or an unauthorized general contractor breaches Contractor's containment or otherwise causes lead contamination of an area already cleaned by the Contractor, the re-testing and re-cleaning of the contaminated areas shall be at the expense of the Owner. Furthermore, any duly authorized agent of MaineHousing shall not be obligated to release any funds to the Owner until such time as the Owner has re-cleaned and re-tested the areas that have been re-contaminated by the Owner or the Owner's general contractor.

17. ASSIGNMENT

The CAA, Consultant or MaineHousing has the authority to monitor the Work and to ensure that the project is being performed in accordance with this Contract and the *Lead Design Plan Specifications* attached as Exhibit C. Consultant has the authority to direct Contractor to remedy any unsafe or illegal work practice and to ensure that the lead-based paint hazard control process is being performed in accordance with the Occupational Health and Safety Administration Lead in Construction Standards (29 CFR 1926.62), and in accordance with applicable United States Department of Housing and Urban Development guidelines and Maine Department of Human Services regulations. In the event of a dispute between Program CAA and Contractor, MaineHousing shall have the authority to determine the dispute and Consultant's decision shall be final. Both the Contractor and the Program CAA should describe the dispute in their daily logs and inform MaineHousing of the decision.

19. WARRANTY

The Contractor warrants to the Owner that materials and equipment furnished under the Contract will be of good quality and new, fit for the purposes for which they are intended and of merchantable quality, unless otherwise required or permitted by the Contract Documents; that the Work will be free from defects not inherent in the quality required or permitted; and that the Work will conform with the requirements of the Contract Documents. Work not conforming to these requirements, including substitutions not properly approved and authorized, may be considered defective. The Contractor's warranty excludes remedy for damage of defect caused by abuse, modifications not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear under normal usage. If required by the Owner, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

20. RELEASE AND HOLD HARMLESS

Owner agrees to assume all risk of injury, harm or damage to his/her person or property which may arise as a result of the performance of the Contract by Contractor and does hereby release and agree to indemnify and hold harmless MaineHousing, the CAA and their agents, officers and employees from any and all liability actions, damages and claims of any kind and nature whatsoever for injury or harm that might arise in connection with the use of the Contract, the Contractor's performance of the Contract and/or Applicant's participation in the Program.

21. COMPLIANCE

- a. The Contractor and all sub-contractors will comply in all respects with all applicable federal, state and local laws and regulation, including, without limitation, those relating to "hazardous materials", as defined herein.
- b. The term "hazardous materials" shall mean any substance, material, or waste which is or becomes regulated by any governmental authority, including, but not limited to: (i) petroleum; (ii)

friable or non-friable asbestos; (iii) polychlorinated biphenyls; (iv) those substances, materials or wastes designated as a "hazardous substance", pursuant to Section 311 of the Clean Water Act or listed pursuant to Section 307 of the Clean Water Act or any amendments or replacements to these statutes; (v) those substances, materials or wastes defined as a "hazardous waste", pursuant to Section 1004 of the Resource Conservation and Recovery Act or any amendments or replacements to that statute; (vi) those substances, materials or wastes defined as a "hazardous substance", pursuant to Section 101 of the Comprehensive Environmental Response, Compensation and Liability Act, or any amendments or replacements to that statute or any other similar statute, rule, regulation or ordinance now or hereafter in effect; or (vii) any "hazardous waste", "hazardous substance" or "chemical substance or mixture" or similarly regulated substances or material as such phrases are defined in or regulated pursuant to any applicable state or local law, regulation or ordinance governing the generation, storage, discharge, transportation or disposal of the same.

- c. The Contractor, at its own expense, will promptly take all actions which may be necessary to abate, remove, clean up, and otherwise cure any violation of environmental laws caused by any hazardous materials used, generated, released, discharged, stored, or disposed of in connection with the Project and which were either brought onto the Project site or employed by the Contractor in connection with the Project. The Contractor shall not be responsible for hazardous materials present on the site or in the building at the time of the commencement of the Project, unless the Contract Documents impose such an obligation upon Contractor.
- d. Contractor will defend, indemnify and hold the Owner, the CAA, and MaineHousing harmless from any cost, expense, claims or liability resulting from violations of any environmental laws hereunder by Contractor or any subcontractor.

22. CHANGES IN SCOPE OF WORK

Neither the Owner nor the Contractor shall make any changes in the plans and specifications developed by the Consultant, or changes by altering or adding to the Work contemplated, or orders for extra work which will result in a net construction cost increase, or will change the design concept, or will result in a construction cost decrease of more than 2% of the Contract amount without the prior written approval of MaineHousing.

23. RESOLUTION OF DISPUTES

Disputes between the Applicant and the Contractor may arise from time to time during the life of the rehabilitation project. 24. The Program that finances this work requires disputes to be resolved in accordance with the above selected option. ROLE OF MAINEHOUSING

Notwithstanding any reference to MaineHousing and/or the CAA contained herein, Owner and Contractor recognize and acknowledge that MaineHousing, its agents and employees are not parties to this Contract. Contractor and Owner shall have no claim against MaineHousing or any person acting on its behalf for any action taken pursuant to this Contract.

It is further understood between the parties hereto that Owner has agreed to the selection of all contractors, subcontractors, material men, as well as all others furnishing services or materials to the Project and MaineHousing has, and shall have, no responsibility whatsoever for them or for the quality of their materials or workmanship. MaineHousing's sole function is that of program coordinator and to distribute Lead Program Grant funds in accordance with Program guidelines as may be promulgated by MaineHousing. Owner shall have no right to rely on any procedures required by MaineHousing, because such procedures are for the protection of MaineHousing.

Owner and Contractor agree, both jointly and severally, to indemnify and hold harmless MaineHousing its agents

and employees from and against any and all liability, suits, actions, and claims for property damage and/or personal injury (including death) arising directly or indirectly from the execution of the Work or otherwise under this Contract.

CONTRACT ADDENDUM

MAINE ATTORNEY GENERAL HOME CONSTRUCTION WARNING STATEMENT

If you are thinking about building a new home or repairing your existing home, here are some things you should know.

Contractors Are Not Licensed – Buyer Beware!

Home contractors are not licensed or regulated by the State of Maine. The old saying “Buyer Beware” applies. While some towns and cities have adopted building codes and enforced them, others have not. We recommend that you talk to your town’s code officials before you begin construction. Although home construction contractors are not licensed, some building trades are licensed. Plumbers, electricians, oil burner technicians, and installers of mobile and modular homes are licensed in Maine. For more information on these licensed trades, go to: <http://www.maine.gov/pfr/index.shtml>

Always Check Contractor References

The Attorney General receives more complaints about home contractors than about almost any other business. We *strongly* recommend that you ask any contractor you are considering hiring for several references and that you follow up on them. It is also a good idea to check with your local building supply companies or real estate brokers. They will know the dependable contractors in your area.

Written Contracts Are Required

For all home construction and home improvement projects over \$3,000, Maine law requires a written contract with a specific provision that prohibits payment up front of more than one third of the contract price. When a contractor asks you for any money up front, make sure that the money is being used to purchase materials for your project. Ask for receipts and for a lien waiver from subcontractors. A model contract that meets State law can be found in Chapter 18 of the Maine Attorney General’s Consumer Law Guide. Go to http://www.maine.gov/ag/consumer/law_guide_article.shtml?id=27938

Be Careful with Construction Loans

If a lender is financing your construction project, make sure that you know your lender and that you understand how your loan proceeds will be disbursed and how subcontractors will be paid.

Home Contractor Complaints Received by the Attorney General

For a listing of home contractors the Attorney General’s Consumer Mediation Service has received complaints against, go to: http://www.maine.gov/ag/consumer/housing/home_construction.shtml
You can also call the Attorney General’s Consumer Protection Division at 1-800-436-2131. The Better Business Bureau also provides information on companies. Go to www.bosbbb.org or call (207) 878-2715.

Home Contractors the State Has Sued

In the recent past the State has successfully sued the following home contractors for poor workmanship or failure to complete jobs: *State of Maine v. CBS Enterprises (Kimberly Mark Smith and David J. Blais), Default Judgment in CBS Enterprises, State of Maine v. Frederic Weinschenk d/b/a Ric Weinschenk Builders Inc., State of Maine v. Stephen Lunt d/b/a Lakeview Builders, Inc., State of Maine v. Bob Burns d/b/a Better Homes, State of Maine v. Albert H. Giandrea d/b/a AG’s Home Quality Improvements, Inc., State of Maine v. Al Verdone, State of Maine v. Mikal W. Tuttle, d/b/a MT Construction, DMI Industries, and MT Construction, Inc.* The Androscoggin County District Attorney has obtained a theft conviction against home contractor *Harold Soper. State of Maine v. Harold Soper.* Even when our law suits have been successful, we have been unable to collect a significant portion of the judgments because the builders are bankrupt, judgment proof, or have left the state. We strongly recommend that you research a contractor’s record before you begin any construction project.

Your Home Construction Rights

Chapter 17 of the Maine Attorney General’s Consumer Law Guide explains your rights when constructing or repairing your home. Chapter 18 of the Consumer Law Guide is a model home construction contract that meets the statutory requirements for any home construction contract over \$3,000. Go to http://www.maine.gov/ag/consumer/law_guide_article.shtml?id=27938

As of September 1, 2006, this entire statement must be an addendum to any home construction contract for more than \$3,000, as required by 10 M.R.S.A. Chapter 219-A.

This Agreement is entered into on the above written Agreement Date in conjunction with a Lead Hazard Reduction Grant Program (Federal Lead) and/or Maine Lead Paint Hazard Abatement Program (State Lead), collectively referred to as the "Program," from the above-referenced Escrow Agent to the above referenced Applicant ("Owner") in the amount of the above written Escrowed Funds.

1. DEPOSIT

The Owner has deposited the above referenced Owner Contribution (if applicable) and Maine State Housing Authority ("MaineHousing") is depositing the above referenced Program Fund amount(s), together referenced as the Escrowed Funds, with the Escrow Agent for work described in Exhibit C to a *Construction Contract* of near or even date between the Owner and the Contractor as may be modified by change orders executed by the Owner, the Contractor, and the Escrow Agent (the "Work"). The Owner and the Contractor agree to comply with the terms of the *Construction Contract* and *Lead Contractor Standards and Conditions* which are incorporated herein.

2. AUTHORIZATION

Contingent upon receipt of funds the Escrow Agent is authorized and directed to disburse the Escrowed Funds in accordance with this Agreement. **If owner and/or Escrow Agent does not receive financing to cover the cost of Contractor's price, this Agreement is null and void.**

3. DISBURSEMENTS

The Escrow Agent shall withhold ten percent of the Escrowed Funds until all Work has been completed to the satisfaction of the Escrow Agent and the Owner. The Escrow Agent shall not make any disbursements until the Contractor has provided the Escrow Agent and Owner with copies of any required permits. The Escrow Agent shall disburse funds only for any of the Work which is (a) completed, (b) approved by the Owner, (c) inspected by the Escrow Agent, and (d) approved by the Escrow Agent. For each requisition the Contractor shall submit invoices for materials and the portion of the Work completed through the date of the requisition and lien waivers from all subcontractors who performed any of the Work through the date of the requisition. The Escrow Agent shall withhold final payment until the Escrow Agent has received a certificate of occupancy from the municipality where the Work was performed, if applicable, and has conducted a final inspection of the Work and certified that the Work is complete. Completed Work includes the achievement of lead dust clearance levels as described by the United States Department of Housing and Urban Development Lead-based Paint Poisoning Prevention in Certain Residential Structures regulations, 24 CFR Part 35.

IT IS THE CONTRACTOR'S RESPONSIBILITY TO ACHIEVE THE LEAD DUST CLEARANCE STANDARDS REQUIRED BY 24 CFR PART 35. IF DUST WIPE TESTING INDICATES LEAD DUST LEVELS ARE HIGHER THAN ALLOWABLE, CONTRACTOR MUST RECLEAN THE AREAS THAT FAILED AT CONTRACTOR'S

EXPENSE. ALL DIRECT AND INDIRECT COSTS INCURRED BY OWNER AND ESCROW AGENT TO RE-INSPECT AND RE-TEST SHALL BE DEDUCTED FROM PROCEEDS DUE CONTRACTOR.

4. CHECK DISBURSEMENTS

All disbursements shall be in the form of a check payable to the Contractor.

5. CHANGE ORDERS

The Escrow Agent will not pay for any work beyond that called for in the original Construction Contract unless a written change order has been approved and signed by the Escrow Agent, the Contractor, and the Owner. The Escrow Agent may require additional funds to be deposited into the Escrowed Funds to pay for increased costs so that at all times there remain sufficient Escrowed Funds to pay for the Work.

6. DISPUTE RESOLUTION

The Contractor and the Owner will notify the Escrow Agent of any disputes between them. The Escrow Agent shall, within fifteen working days from receipt of a complaint, organize an informal meeting with the Owner and the Contractor. MaineHousing may inspect any of the Work at any time and may participate in any informal meeting. If the informal conference produces a resolution to the dispute, the Escrow Agent shall prepare and the Contractor and Owner shall sign a document that plainly states the agreed upon resolution. If the meeting does not result in a resolution, the Escrow Agent shall document the results of the meeting and how the parties disagree. If the Escrow Agent, the Contractor, and the Owner cannot come to a resolution of the matter, then the issue shall be resolved through binding arbitration as regulated by the Maine Uniform Arbitration Act. The parties shall participate in a binding arbitration as soon as possible after the informal conference. The binding arbitration shall be in accordance with the construction industry arbitration rules of the American Arbitration Association unless the Escrow Agent, Owner, and Contractor otherwise agree. The Owner and Contractor shall submit all disputes or claims regardless of the extent of the Work's progress to the arbitrator. The award rendered by the arbitrator shall be final and judgment may be entered upon it in any court having jurisdiction thereof. MaineHousing may, at its sole discretion, pay for the costs of an arbitrator. The parties will each pay their own attorneys' fees and other costs.

7. MECHANICS LIENS

The Escrow Agent assumes no liability for mechanics liens filed in connection with any of the Work.

8. REMAINING PROCEEDS

Regarding Federal Lead Program funded projects, if there are Escrowed Funds remaining after final payment, those funds which are the proceeds shall be applied as a principal reduction to the outstanding balance of the grant.

9. MISCELLANEOUS

If any part of this Agreement is held to be unenforceable or void, such fact shall not affect the validity or enforceability of the remaining parts of this Agreement. The provisions of this Agreement shall be binding upon and inure to the benefit of the heirs, successors, and assigns of the parties. This Agreement shall be construed in accordance with and governed by the laws of the State of Maine.

This Agreement is duly executed by the parties on the above written Agreement Date.
