THE PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) Use of this model plan is optional. However, the information requested is required in order to receive a Low Income Home Energy Assistance Program (LIHEAP) grant in years in which the grantee is not permitted to file an abbreviated plan. Public reporting burden for this collection of information is estimated to average 1 hour per response, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Section 1 Program Components

Program Components, 2605(a), 2605(b)(1) - Assurance 1, 2605(c)(1)(C)

1.1 Check which components you will operate under the LIHEAP program. (Note: You must provide information for each component designated here as requested elsewhere in this plan.)		Dates of Operation	
		Start Date	End Date
<input checked="" type="checkbox"/>	Heating assistance	10/01/2021	09/30/2022

1.5 Do you automatically enroll households without a direct annual application? Yes No

If Yes, explain:

1.6 How do you ensure there is no difference in the treatment of categorically eligible households from those not receiving other public assistance when determining eligibility and benefit amounts?

Maine does not implement categorical eligibility.

SNAP Nominal Payments

1.7a Do you allocate LIHEAP funds toward a nominal payment for SNAP households? Yes No

If you answered "Yes" to question 1.7a, you must provide a response to questions 1.7b, 1.7c, and 1.7d.

1.7b Amount of Nominal Assistance: \$21.00

1.7c Frequency of Assistance

<input checked="" type="checkbox"/>	Once Per Year
<input type="checkbox"/>	Once every five years
<input type="checkbox"/>	Other - Describe:

1.7d How do you confirm that the household receiving a nominal payment has an energy cost or need?

Applicants residing in subsidized housing with heat included must provide the following to verify that the applicant has an indirect energy cost:

- One of the following documents is required to verify the applicant's/tenant's responsibilities for monthly rent and/or utilities: a) MaineHousing's *HEAP Subsidized Housing* form; b) housing subsidy recertification worksheet; or c) recertification form (HUD 50058/50059 or RD 3560-8).
- Copy of a current electric utility bill (if applicant is responsible for electricity).

Determination of Eligibility - Countable Income

1.8. In determining a household's income eligibility for LIHEAP, do you use gross income or net income?

Section 2 - HEATING ASSISTANCE

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES
 ADMINISTRATION FOR CHILDREN AND FAMILIES

August 1987, revised 05/92,02/95,03/96,12/98,11/01
 OMB Clearance No.: 0970-0075
 Expiration Date: 09/30/2022

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 2 - Heating Assistance

Eligibility, 2605(b)(2) - Assurance 2

2.1 Designate the income eligibility threshold used for the heating component:

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	The greater of 150% of Federal Poverty Level or 60% State Median Income

2.2 Do you have additional eligibility requirements for Heating Assistance? Yes No

2.3 Check the appropriate boxes below and describe the policies for each.

Do you require an Assets test? Yes No

Do you have additional/differing eligibility policies for:

Renters? Yes No

Renters Living in subsidized housing? Yes No

Renters with utilities included in the rent? Yes No

Do you give priority in eligibility to:

Elderly? Yes No

Disabled? Yes No

Young children? Yes No

Households with high energy burdens? Yes No

Other? Yes No

Explanations of policies for each "yes" checked above:

Subgrantee will make reasonable and good-faith effort during the first ninety (90) days it takes applications to interview, process, and serve households with direct energy costs and members who are:

- Elderly- at least 60 years of age
- Young Children- 72 months (6 years of age) or younger
- Disabled

Determination of Benefits 2605(b)(5) – Assurance 5, 2605(c)(1)(B)

2.4 Describe how you prioritize the provision of heating assistance to vulnerable populations, e.g., benefit amounts, early application periods, etc.

Intake/Application Process: Subgrantee will make reasonable and good-faith effort during the first ninety (90) days it takes applications to interview, process, and serve households with direct energy costs and members who are most susceptible to hypothermia (elderly, disabled, and families with children 72 months of age (6 years) or under).

Maine uses a tiered benefit calculation that assures the highest benefits go to households with the highest heating energy costs and the lowest income. Household applications are entered into MaineHousing's centralized LIHEAP database, which automatically calculates household benefit amounts. As set forth in Chapter 24 of MaineHousing's Rules, the benefit calculation takes into account the following factors: i) Household's actual fuel consumption data collected from energy vendors or estimated annual heating costs calculated by using the Design Heat Load formula; ii) Household income; and iii) Household size.

2.5 Check the variables you use to determine your benefit levels. (Check all that apply):

- Income
- Family (household) size
- Home energy cost or need:
 - Fuel type
 - Climate/region
 - Individual bill
 - Dwelling type
 - Energy burden (% of income spent on home energy)
 - Energy need
 - Other - Describe:

Other (description): Benefit levels are based on the household's percent of poverty and actual consumption of primary heating fuel type for the prior heating season or by the Design Heat Load formula.

Benefit Levels, 2605(b)(5) - Assurance 5, 2605(c)(1)(B)

2.6 Describe estimated benefit levels for FY 2022:

Minimum Benefit	\$124	Maximum Benefit	\$1,932
------------------------	-------	------------------------	---------

2.7 Do you provide in-kind (e.g., blankets, space heaters) and/or other forms of benefits? Yes X No

If yes, describe.

Subgrantees provide a number of in-kind and/or other benefits including

- Private contributions for fuel assistance

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 4: CRISIS ASSISTANCE

Eligibility - 2604(c), 2605(c)(1)(A)

4.1 Designate the income eligibility threshold used for the crisis component

Add	Household size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	The greater of 150% Federal Poverty Level or 60% State Median Income

4.2 Provide your LIHEAP program's definition for determining a crisis.

Energy Crisis shall have the same meaning as set forth in 42 U.S.C.A. §8622(3), as same may be amended from time to time. The term "energy crisis" means weather-related and supply shortage emergencies and other household energy-related emergencies.

A household may be eligible for crisis assistance if there is an imminent loss of heat due to: i) Less than 3-day supply of fuel (e.g. reading of 1/4 tank or less on a standard 275 gallon heating oil tank; reading of 25% or less on a propane tank; "3-day or less" supply standard applies to other delivered fuel types) ii.) Disconnection of service notice from natural gas or electric utility if the household's heating system requires electricity/natural gas, iii.) Dysfunctional or unsafe primary heating system and no other operable heating system capable of heating the dwelling adequately during severe cold weather, iv.) Eviction due to nonpayment of rent if heat is included in the household's rent.

A household is not considered to be in an energy crisis if: i.) Household has any other heating system that is safe, operable, and capable of heating the dwelling adequately during severe cold weather, and has a supply of product for that heating system; ii.) Household has financial means to purchase fuel, iii.) Household has financial means to pay rent and avert eviction.

4.3 What constitutes a life-threatening crisis?

- Household is currently without heat or utility service to operate a heating source or heating system.
- Household is tenant whose rent includes heat and is facing eviction within 24 hours for nonpayment of rent.

Crisis Requirement, 2604(c)

4.4 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households? 48 hours

4.5 Within how many hours do you provide an intervention that will resolve the energy crisis for eligible households in life-threatening situations? 18 hours

Crisis Eligibility, 2605(c)(1)(A)

4.6 Do you have additional eligibility requirements for CRISIS ASSISTANCE?

Yes No

4.7 Check the appropriate boxes below and describe the policies for each

Do you require an Assets test?

Yes No

Do you give priority in eligibility to :	
Elderly?	<input type="radio"/> Yes <input checked="" type="radio"/> No
Disabled?	<input type="radio"/> Yes <input checked="" type="radio"/> No
Young Children?	<input type="radio"/> Yes <input checked="" type="radio"/> No
Households with high energy burdens?	<input type="radio"/> Yes <input checked="" type="radio"/> No
Other?	<input type="radio"/> Yes <input checked="" type="radio"/> No
In Order to receive crisis assistance:	
Must the household have received a shut-off notice or have a near empty tank?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Must the household have been shut off or have an empty tank?	<input type="radio"/> Yes <input checked="" type="radio"/> No
Must the household have exhausted their regular heating benefit?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Must renters with heating costs included in their rent have received an eviction notice?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Must heating/cooling be medically necessary?	<input type="radio"/> Yes <input checked="" type="radio"/> No
Must the household have non-working heating or cooling equipment?	<input type="radio"/> Yes <input checked="" type="radio"/> No
Other? see attached	<input type="radio"/> Yes <input checked="" type="radio"/> No
Do you have additional / differing eligibility policies for:	
Renters?	<input type="radio"/> Yes <input checked="" type="radio"/> No
Renters living in subsidized housing?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Renters with utilities included in the rent?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Explanations of policies for each "yes" checked above:	

Allowable expenditures must be related to averting an Energy/Life-Threatening Crisis and may include:

1. Home Energy deliveries provided the Eligible Household has exhausted any remaining Benefits previously paid to a Vendor on behalf of the Eligible Household;
2. Surcharges, reconnection charges, or penalties related to a final utility disconnection notice;
3. Crisis benefits may be paid to a natural gas or an electric utility to prevent disconnection of service if the household's Heating System requires electricity/natural gas;
4. Heating System repairs;
5. Purchasing space heaters;
6. Rental payment assistance provided the household is a tenant whose rent includes heat and is facing eviction due to nonpayment of rent;
7. Temporary relocation provided the household is experiencing a Life Threatening Crisis that cannot be averted within 18 hours by one of the above measures.

Crisis funds cannot be used to pay for Home Energy deliveries or Heating System repairs if the Applicant resides in Subsidized Housing with heat included or a Rental Unit with heat included.

Determination of Benefits	
4.8 How do you handle crisis situations?	
<input checked="" type="checkbox"/>	Separate component
<input type="checkbox"/>	Fast Track
<input type="checkbox"/>	Other - Describe:
4.9 If you have a separate component, how do you determine crisis assistance benefits?	
<input type="checkbox"/>	Amount to resolve the crisis.

<input checked="" type="checkbox"/>	Other - Describe: The maximum (crisis) benefit amount is determined annually based on economic conditions, available funding, and the average cost of a minimum delivery of home energy.
-------------------------------------	--

Crisis Requirements, 2604(c)

4.10 Do you accept applications for energy crisis assistance at sites that are geographically accessible to all households in the area to be served?

Yes No **Explain.**

Crisis applications are given priority at all intake and processing steps. Crisis procedures include home visits if necessary, referrals, or communication with vendors.

Subgrantees take crisis applications by one of the following methods:

- 1) If the household has previously completed an application and has been certified eligible for heating assistance in the current program year, they may apply for crisis assistance over the telephone. In such cases, Subgrantees complete a LIHEAP Emergency Worksheet to assess and document the crisis situation.
- 2) If the household does not have a current certified heating assistance application on file, they may apply for crisis assistance over the telephone. In such cases, the applicant will need to make arrangements to go into the Subgrantee's office or remote intake site to complete the application process - i.e. sign the application documents and provide any required documentation to verify the household's eligibility. Signing and submitting/verifying documents are accommodated remotely with technology as needed and available.
- 3) Elderly or disabled applicants may apply over the telephone. If necessary, the Subgrantee will make arrangements for a home visit to secure the applicant's signature on the application documents and any required documentation to verify the household's income-eligibility. Signing and submitting/verifying documents are accommodated remotely with technology as needed and available.

Conditioned on the availability of crisis funds, some form of assistance that will resolve the Energy Crisis will be provided within 48 hours after household has been certified eligible for the Energy Crisis Intervention Program (ECIP). In Life Threatening Crisis situations some form of assistance that will resolve the crisis will be provided within 18 hours after a Household has been certified eligible for ECIP.

4.11 Do you provide individuals who are physically disabled the means to:

Submit applications for crisis benefits without leaving their homes?

Yes No **If No, explain.**

Travel to the sites at which applications for crisis assistance are accepted?

Yes No **If No, explain.**

If you answered "No" to both options in question 4.11, please explain alternative means of intake to those who are homebound or physically disabled?

At applicant's request, the Subgrantee must make reasonable accommodations for a person with a disability.

Elderly or disabled individuals may apply over the telephone. If necessary, the Subgrantee will make arrangements for a home visit to secure the applicant's signature on the application documents and to obtain any required documentation to verify the household's income-eligibility. Signing and submitting/verifying documents are accommodated remotely with technology as needed and available.

Benefit Levels, 2605(c)(1)(B)

4.12 Indicate the maximum benefit for each type of crisis assistance offered.

Winter Crisis	\$400.00 maximum benefit
Summer Crisis	\$0.00 maximum benefit
Year-round Crisis	\$0.00 maximum benefit

4.13 Do you provide in-kind (e.g. blankets, space heaters, fans) and/or other forms of benefits?

Yes No **If yes, Describe**

If the crisis cannot be resolved within the required timeframe, space heaters may be provided for the household's use until such time as a fuel delivery can be made or the heating system is repaired.

4.14 Do you provide for equipment repair or replacement using crisis funds?

Yes No

If you answered "Yes" to question 4.14, you must complete question 4.15.

4.15 Check appropriate boxes below to indicate type(s) of assistance provided.

4.16 Do any of the utility vendors you work with enforce a moratorium on shut offs?

Yes No

If you responded "Yes" to question 4.16, you must respond to question 4.17.

4.17 Describe the terms of the moratorium and any special dispensation received by LIHEAP clients during or after the moratorium period.

November 15 through April 15 - Disconnect not permitted if income-eligible customer agrees to a special payment arrangement. Requires Public Utilities Commission (PUC) approval. 30 day delay, with renewals up to 90 days, if physician certifies that disconnect would adversely affect the health of a household member. Cannot disconnect if an overdue amount is less than \$50, unless the overdue amount is more than 90 days old or the utility company bills four times a year or less.

Eligibility, 2605(c)(1)(A), 2605(b)(2) - Assurance 2

5.1 Designate the income eligibility threshold used for the Weatherization component

Add	Household Size	Eligibility Guideline	Eligibility Threshold
1	All Household Sizes	HHS Poverty Guidelines	200%

5.2 Do you enter into an interagency agreement to have another government agency administer a WEATHERIZATION component? Yes No

5.3 If yes, name the agency.

5.4 Is there a separate monitoring protocol for weatherization? Yes No

WEATHERIZATION - Types of Rules

5.5 Under what rules do you administer LIHEAP weatherization? (Check only one.)

Entirely under LIHEAP (not DOE) rules

Entirely under DOE WAP (not LIHEAP) rules

Mostly under LIHEAP rules with the following DOE WAP rule(s) where LIHEAP and WAP rules differ (Check all that apply):

Income Threshold

Weatherization not subject to DOE WAP maximum statewide average cost per dwelling unit.

Weatherization measures are not subject to DOE Savings to Investment Ratio (SIR) standards.

Other - Describe: Weatherization of entire multi-family housing structure is permitted if at least 66% of units (50% in 2- & 4-unit buildings) are eligible units or will become eligible within 180 days. Weatherize shelters temporarily housing primarily low income persons (excluding nursing homes, prisons, and similar institutional care facilities).

Eligibility, 2605(b)(5) - Assurance 5

5.6 Do you require an assets test? Yes No

5.7 Do you have additional/differing eligibility policies for :

Renters Yes No

Renters living in subsidized housing? Yes No

5.8 Do you give priority in eligibility to:

Elderly? Yes No

Disabled? Yes No

Young Children?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Households with high energy burdens?	<input checked="" type="radio"/> Yes <input type="radio"/> No
Other? Young children 72 months (6 years) of age or less	<input checked="" type="radio"/> Yes <input type="radio"/> No

If you selected "Yes" for any of the options in questions 5.6, 5.7, or 5.8, you must provide further explanation of these policies in the text field below.

5.6 Asset test: Applies to heating system replacement under the Central Heating Improvement Program activities (see attached - Section 5.5 Weatherization)

5.7 Renters living in subsidized housing with heat included (see attached - Section 5 Multifamily Weatherization)

5.8 Priority Applicant means a Household with a Direct Energy Cost as well as a member in the Household who is (i) an Elderly Person 60 years of age or older, or (ii) disabled, or (iii) 72 months (6 years) of age or under.

Subgrantees are required to prioritize their wait list of eligible households for weatherization services in accordance with the HEAT Enterprise software, which ranks an eligible household's priority by taking into account household income, home energy costs, and any household members considered to be Priority Applicants. Households on the Subgrantee's wait list are weatherized in order of priority. A Subgrantee may move up an eligible household's priority based on travel considerations (e.g. Subgrantee's next weatherization project is out of town; another dwelling with a lower priority number in the same area may also be weatherized during the program year to save on travel costs) or due to co-funding a project with other program resources.

6.1 Select all outreach activities that you conduct that are designed to assure that eligible households are made aware of all LIHEAP assistance available:

- Place posters/flyers in local and county social service offices, offices of aging, Social Security offices, VA, etc.
- Publish articles in local newspapers or broadcast media announcements.
- Include inserts in energy vendor billings to inform individuals of the availability of all types of LIHEAP assistance.
- Mass mailing(s) to prior-year LIHEAP recipients.
- Inform low income applicants of the availability of all types of LIHEAP assistance at application intake for other low-income programs.
- Execute interagency agreements with other low-income program offices to perform outreach to target groups.
- Other (specify):

Section 8: Agency Designation, 2605(b)(6) - Assurance 6 (Required for state grantees and the Commonwealth of Puerto Rico)

8.1 How would you categorize the primary responsibility of your State agency?

<input type="checkbox"/>	Administration Agency
<input type="checkbox"/>	Commerce Agency
<input type="checkbox"/>	Community Services Agency
<input type="checkbox"/>	Energy / Environment Agency
<input checked="" type="checkbox"/>	Housing Agency
<input type="checkbox"/>	Welfare Agency
<input type="checkbox"/>	Other - Describe:

Alternate Outreach and Intake, 2605(b)(15) - Assurance 15

If you selected "Welfare Agency" in question 8.1, you must complete questions 8.2, 8.3, and 8.4, as applicable.

8.2 How do you provide alternate outreach and intake for Heating Assistance?

Subgrantees partner with community based programs including social service organizations and town offices to provide applicants with alternate venues to apply for heating assistance.

8.3 How do you provide alternate outreach and intake for Cooling Assistance?

Not applicable. Maine does not offer cooling assistance.

8.4 How do you provide alternate outreach and intake for Crisis Assistance?

Subgrantees have other funds (non-LIHEAP) funds available to provide crisis assistance. Additionally, Subgrantees keep community partners informed about the availability of crisis assistance funds.

8.5 LIHEAP Component Administration.	Heating	Cooling	Crisis	Weatherization
8.5a Who determines client eligibility?	Community Action Agencies	Non-Applicable	Community Action Agencies	Community Action Agencies
8.5b Who processes benefit payments to gas and electric vendors?	State Housing Agency	Non-Applicable	State Housing Agency	
8.5c who processes benefit payments to bulk fuel vendors?	State Housing Agency	Non-Applicable	State Housing Agency	
8.5d Who performs installation of weatherization measures?				Community Action Agencies, Contractors

If any of your LIHEAP components are not centrally-administered by a state agency, you must complete questions 8.6, 8.7, 8.8, and if applicable, 8.9.

8.6 What is your process for selecting local administering agencies?

Subgrantees will be selected annually based on the following criteria:

1. Experience with providing Fuel Assistance or similar programs to low-income persons;
2. Current capacity to administer a timely and effective Fuel Assistance program for the intended Service Area;
3. Demonstrated capacity to adequately serve low-income persons residing in their Service Areas;
4. The availability of other qualified entities to service a particular area;
5. The geographic area customarily serviced by the potential Subgrantee;
6. Cost efficiency in administering a Fuel Assistance program;
7. The ability to enhance accessibility to other low-income programs administered by the Subgrantee;
8. Acceptable schedule for taking Applications; and
9. The ability to perform outreach activities and serve homebound recipients.

8.7 How many local administering agencies do you use? 9

8.8 Have you changed any local administering agencies in the last year?

- Yes
 No

8.9 If so, why?

<input type="checkbox"/>	Agency was in noncompliance with grantee requirements for LIHEAP -
<input type="checkbox"/>	Agency is under criminal investigation
<input type="checkbox"/>	Added agency

Section 9 - Energy Suppliers, 2605(b)(7) - Assurance 7

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES
ADMINISTRATION FOR CHILDREN AND FAMILIES

August 1987, revised 05/92,02/95,03/96,12/98,11/01

OMB Clearance No.: 0970-0075

Expiration Date: 09/30/2022

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 9: Energy Suppliers, 2605(b)(7) - Assurance 7

9.1 Do you make payments directly to home energy suppliers?

Heating Yes No

Cooling Yes No

Crisis Yes No

Are there exceptions? Yes No

If yes, Describe.

MaineHousing may issue direct checks to LIHEAP recipients who do not have a designated vendor in their area or who pay rent with heat included.

MaineHousing and Subgrantees encourage recipients to apply their benefits to their electric utility account if their benefit cannot be used for their primary heating system and the eligible household is responsible for their electric utility bill. Benefits are determined based on a household's designated primary fuel type.

9.2 How do you notify the client of the amount of assistance paid?

Once the client's application has been approved for payment, the Subgrantee mails a benefit notification letter to the Primary Applicant. The benefit notification letter shall:

- State the Benefit amount;
- State the date the Benefit was sent to the Vendor;
- State the approved Home Energy type;
- State the time period for the Benefit; and
- State the manner by which the Primary Applicant can request an appeal.

9.3 How do you assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment?

Vendor performance is ensured through Vendor Agreements, annual reports provided by contracted vendors, and on-site or desk monitoring. Additionally, vendors must submit detailed transactions reports with benefit returns to show delivery and payment activity/history for the LIHEAP client's account.

9.4 How do you assure that no household receiving assistance under this title will be treated adversely because of their receipt of LIHEAP assistance?

The contract between MaineHousing and the vendor explicitly prohibits discrimination. Participating vendors must agree not to discriminate against any eligible household regarding the extension of credit to purchase Home Energy or other services, the price of Home Energy or other services, or the terms or conditions of the delivery of Home Energy or other services solely on the basis of its being an eligible household.

9.5. Do you make payments contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households?

Yes No

If so, describe the measures unregulated vendors may take.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 10 - Program, Fiscal Monitoring, and Audit, 2605(b)(10) - Assurance 10

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES
ADMINISTRATION FOR CHILDREN AND FAMILIES

August 1987, revised 05/92,02/95,03/96,12/98,11/01
OMB Clearance No.: 0970-0075
Expiration Date: 09/30/2022

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 10: Program, Fiscal Monitoring, and Audit, 2605(b)(10)

10.1. How do you ensure good fiscal accounting and tracking of LIHEAP funds?

In order to ensure good fiscal accounting and tracking around Heating Assistance, Crisis Assistance, Weatherization, and Central Heating Improvement Program, MaineHousing performs onsite and/or desk reviews of each Subgrantee which include, a review of agency fiscal policies and procedures; a reconciliation of billings submitted to agency general ledger detail and supporting documentation; and an examination of each Subgrantee's Uniform Grant Guidance Audit (2CFR 200). Additionally, six month Corrective Action Reviews are required in the event MaineHousing identifies significant compliance concerns with an individual Subgrantee.

Each onsite visit may include an entrance and exit interview. Onsite monitoring includes, but is not limited to: review of the previous audit report to identify focus areas for the review; analyzing the data used by each Subgrantee to determine client income eligibility and benefit determination; observation of the applicant intake process; and other monitoring steps to ensure overall program compliance. Additionally, desk reviews may be completed periodically and would include such things as checking application data residing in MaineHousing's centralized LIHEAP database for anomalies using pre-determined indicators or specific data points (i.e. duplicate addresses, certification outside the required 30 business day period, etc.).

The fair hearing process in place at MaineHousing provides an opportunity to conduct additional in-depth client file monitoring because a thorough analysis is completed by the MaineHousing Compliance Officer of each filed complaint to ensure that the Subgrantee followed program rules in determining client eligibility and benefit determination.

The monitoring of energy suppliers is conducted in a number of ways:

- Onsite visits to vendors (those deemed high risk as well as a sampling of others);
- Desk reviews of vendors: a random sample of client accounts are reviewed to assess the vendor practices and determine vendor risk rating;
- Review of submitted annual vendor reports using data points to identify anomalies;
- Review of transaction reports (delivery and payment activity) from May 1st forward for the benefit year(s) being returned.

After each conducted monitoring, MaineHousing issues a written report containing all findings to the Subgrantee/vendor. The report will establish a reasonable time period for comment and the required corrective action(s) by the Subgrantee/vendor.

Upon request from the Subgrantee/vendor, MaineHousing will provide technical assistance in all areas needing corrective action.

Depending upon the significance of the issue(s), failure to comply with the required corrective action plans could result in a notice of termination of the contract.

Management of Vendor Refunds (Benefit Returns):

All benefit returns must be submitted to MaineHousing. Benefit returns are tracked and reconciled to the appropriate fiscal year. Any expired funds or any amounts exceeding the 10% carryover limit will be returned to DHHS.

Audit Process

10.2. Is your LIHEAP program audited annually under the Single Audit Act and OMB Circular A - 133?

Yes No

10.3. Describe any audit findings rising to the level of material weakness or reportable condition cited in the A-133 audits, Grantee monitoring assessments, inspector general reviews, or other government agency reviews of the LIHEAP agency from the most recently audited fiscal year.

No Findings

Finding	Type	Brief Summary	Resolved?	Action Taken

10.4. Audits of Local Administering Agencies

What types of annual audit requirements do you have in place for local administering agencies/district offices? Select all that apply.

- Local agencies/district offices are required to have an annual audit in compliance with Single Audit Act and OMB Circular A-133
- Local agencies/district offices are required to have an annual audit (other than A-133)
- Local agencies/district offices' A-133 or other independent audits are reviewed by Grantee as part of compliance process.
- Grantee conducts fiscal and program monitoring of local agencies/district offices

Compliance Monitoring

10.5. Describe the Grantee's strategies for monitoring compliance with the Grantee's and Federal LIHEAP policies and procedures: Select all that apply

Grantee employees:

- Internal program review
- Departmental oversight
- Secondary review of invoices and payments
- Other program review mechanisms are in place. Describe:

Local Administering Agencies / District Offices:

- On - site evaluation
- Annual program review
- Monitoring through central database
- Desk reviews
- Client File Testing / Sampling
- Other program review mechanisms are in place. Describe:

10.6 Explain, or attach a copy of your local agency monitoring schedule and protocol.

MaineHousing's Program Compliance Officers performs onsite audits of the Subgrantees. These field audits allow for first-hand observation of program activity. Monitoring tasks include:

- Reviewing procedures and client file documentation
- Confirming and evaluating use of LIHEAP statewide database
- Verifying Subgrantees are knowledgeable of regulations
- Confirming that quality of work meets minimum program standards

Additionally, each Subgrantee is audited by an independent public accountant who performs single audit test work. MaineHousing reviews each Subgrantee's independent audit, noting any findings and following up on all findings/questioned costs to ensure that they are addressed and corrected in a timely manner.

10.7. Describe how you select local agencies for monitoring reviews.

Site Visits:

Onsite program and fiscal monitoring reviews are conducted annually at all local agencies. Additional reviews may be conducted if major issues are identified during the annual review.

Desk Reviews:

MaineHousing conducts desk reviews throughout the program year to ensure compliance with program requirements. MaineHousing's Program Compliance Officers conduct desk audits of the following application files:

- Fair Hearing Requests: applicants submit requests for fair hearings if their claim for assistance has been denied or not acted upon with reasonable promptness, or they dispute the amount of their benefit. The Program Compliance Officers will review the file for accuracy and completeness.
- Computer generated reports: MaineHousing generates periodic healthy data queries to identify and resolve potential compliance issues - ex. duplicate social security numbers, Applicant/Landlord same address, and Medical Deduction for analysis. The Program Compliance Office or Program Officers review these reports and application files as necessary.
- Files involving reports of alleged fraud.
- Files where questions arise during billing reviews of Weatherization, Central Heating Improvement Program or Heat Pump Program jobs.

10.8. How often is each local agency monitored?

MaineHousing conducts program and fiscal monitoring of Subgrantees at least once per year for compliance with Federal and State rules and regulations in a manner consistent with applicable state law and the HEAP Act.

10.9. What is the combined error rate for eligibility determinations? OPTIONAL

10.10. What is the combined error rate for benefit determinations? OPTIONAL

10.11. How many local agencies are currently on corrective action plans for eligibility and/or benefit determination issues? 0

10.12. How many local agencies are currently on corrective action plans for financial accounting or administrative issues? 0

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

- Tribal Council meeting(s)
- Public Hearing(s)
- Draft Plan posted to website and available for comment
- Hard copy of plan is available for public view and comment
- Comments from applicants are recorded
- Request for comments on draft Plan is advertised
- Stakeholder consultation meeting(s)
- Comments are solicited during outreach activities
- Other - Describe:

11.2 What changes did you make to your LIHEAP plan as a result of this participation?

Prior to the public hearing process, MaineHousing worked with its Subgrantees, vendors, vendor industry agency, and representatives from Maine Equal Justice, Maine Public Advocates office, other State agencies and interested parties. As a result of these meetings, MaineHousing proposed a number of changes, including:

1. Requiring applicants to provide income verification documentation for a one (1) month or 30-day period preceding the date of application verses the current three (3) or twelve (12) month income verification period.
2. The methodology used to determine how non-heating electricity costs are calculated and accounted for when using the consumption based method for determining heating burden for households that heat with electricity.
3. Using a 1/4 tank reading verses a 1/8 tank reading on a standard 275 gallon heating oil tank as the standard to determine when an household may be eligible for energy crisis assistance.

12.1 How many fair hearings did the grantee have in the prior Federal fiscal year? 3

12.2 How many of those fair hearings resulted in the initial decision being reversed? 0

12.3 Describe any policy and/or procedural changes made in the last Federal fiscal year as a result of fair hearings?

To Be Determined

12.4 Describe your fair hearing procedures for households whose applications are denied.

Fair hearings will be conducted by MaineHousing, in accordance with the Maine Administrative Procedures Act, Title 5, Chapter 375, upon request of any applicant in accordance with the Maine State Housing Authority, Home Energy Assistance Program Rule, Chapter 24, as amended.

12.5 When and how are applicants informed of these rights?

Applicants are notified of their fair hearing rights at the time of application and through the benefit determination process. An Appeal Information sheet is provided to the applicant at the time of application. The benefit notification and denial notice provide the applicant information about their rights to an appeal/fair hearing.

12.6 Describe your fair hearing procedures for households whose applications are not acted on in a timely manner.

MaineHousing requires each applicant requesting a fair hearing be contacted by telephone and receive a letter. If an application is not acted on in a timely manner, MaineHousing works directly with the Subgrantee to help facilitate/expedite the application process.

12.7 When and how are applicants informed of these rights?

Applicants are notified of their fair hearing rights at the time of application and through the benefit determination process. Fair hearing rights information is provided to the applicant at the time of application, the benefit notification, and the denial notice.

Section 13 - Reduction of home energy needs, 2605(b)(16) - Assurance 16

U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES
ADMINISTRATION FOR CHILDREN AND FAMILIES

August 1987, revised 05/92,02/95,03/96,12/98,11/01
OMB Clearance No.: 0970-0075
Expiration Date: 09/30/2022

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) MODEL PLAN SF - 424 - MANDATORY

Section 13: Reduction of home energy needs, 2605(b)(16) - Assurance 16

13.1 Describe how you use LIHEAP funds to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance?

Subgrantees may submit annual proposals for MaineHousing's consideration, describing their planned activities and expenses associated with providing services to applicants pursuant to Assurance 16 of the LIHEAP Act. Assurance 16 funds may only be used to fund activities that encourage and enable eligible households to reduce their home energy needs and thereby the need for energy assistance.

Only LIHEAP eligible households may receive Assurance 16 services. Services funded by Assurance 16 must be energy related and may include family development case management and educational activities. Subgrantees are required to have proper fiscal controls to ensure the LIHEAP funds are expended proportional to the overall funding sources using proper cost allocation methodology. There must be proper documentation of participation and a methodology to measure outcomes from the Assurance 16 activities.

Allowable Costs:

- Salaries and benefit costs for any staff directly providing services "that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance is allowable".
- Additionally, direct costs associated with providing these services, including supplies, equipment, postage, utilities, rental office space, and travel costs incurred for official business are allowable.

Unallowable Costs: Services that are already provided as part of the delivery of other federal programs cannot be charged to Assurance 16. Examples:

- Working with an electric utility to forestall a shut-off as part of providing an Energy Crisis Intervention Program (ECIP) benefit cannot be charged to Assurance 16 because this activity is already required and funded under ECIP.
- Outreach/Intake services, regardless of where they are provided, or who (which staff member/position) provides them, cannot be charged to Assurance 16. These activities are already required under HEAP fuel assistance, and therefore, do not provide an additional benefit to eligible households.
- Mailed out applications are not allowed to be charged to Assurance 16.
- Indirect charges cannot be charged to Assurance 16.
- Client referrals to other programs or resources that are not related to clients' home energy needs or do not reflect an additional net benefit for the client.

13.2 How do you ensure that you don't use more than 5% of your LIHEAP funds for these activities?

MaineHousing has established the following requirements to ensure compliance:

- Budget up to 5% of Maine's LIHEAP funds for Assurance 16 activities; Subgrant agreements specify the allocation amount for these activities.
- Subgrantees are required to submit budgets and work-plans that outline their processes for administering these activities.
- Monitor Subgrantees' expenditures monthly.
- Subgrantee's record-keeping must demonstrate a direct link between services provided to clients and costs charged to Assurance 16. Salary costs for providing Assurance 16 services must be supported by timesheet documentation.

13.3 Describe the impact of such activities on the number of households served in the previous Federal fiscal year.

MaineHousing provides its Subgrantees with an opportunity to develop/submit proposals and funding requests for Assurance 16 (A16) initiatives. Six (6) Subgrantees were awarded funds for Assurance 16 activities. Activities included short-term case management, comprehensive energy saving education/counseling, and providing participants with energy kits.

13.4 Describe the level of direct benefits provided to those households in the previous Federal fiscal year.

Some subgrantees offer incentives to households that complete milestones/modules of financial literacy education and demonstrate a reduction in their home energy costs. Incentives range from \$50- \$425 (depending on the subgrantee's incentive model and the number of milestones achieved by a household) that are issued to the household's fuel or electricity vendor.

13.5 How many households applied for these services? To Be Determined

13.6 How many households received these services? To Be Determined

Section 14: Leveraging Incentive Program, 2607(A)

14.1 Do you plan to submit an application for the leveraging incentive program?

Yes No

14.2 Describe instructions to any third parties and/or local agencies for submitting LIHEAP leveraging resource information and retaining records.

If leveraging awards become available, MaineHousing will collect leveraging information from Subgrantees. Subgrantees will maintain and provide the following information:

1. Identify and describe each resource/benefit;
2. Identify the source(s) of each resource; and
3. Describe the integration/coordination of each resource/benefit with the LIHEAP program, consistent with 1 or more of conditions A-H in 45 CFR 96.87(d)(2)(iii).

14.3 For each type of resource and/or benefit to be leveraged in the upcoming year that will meet the requirements of 45 C.F.R. Â§ 96.87(d)(2)(iii), describe the following:

Resource	What is the type of resource or benefit?	What is the source(s) of the resource?	How will the resource be integrated and coordinated with LIHEAP?
1	Home Repair	State funds	Home Repair funds are administered by the Subgrantees operating the LIHEAP /Weatherization programs. MaineHousing's Home Repair Program funds may be used in conjunction with HEAP weatherization for repairs and weatherization measures.
2	Heating Assistance	Local organizations/ partnerships, including United Way, fuel vendors, and faith-based organizations	Subgrantees appropriate and distribute these funds to low-income households as supplements and/or alternatives to the LIHEAP program.
3	Discount rates and debt forgiveness for electricity	Maine's public utility companies	Coordinated through the utility company and Subgrantee. Outreach and intake are incorporated in the LIHEAP application process.
4	Winterization assistance	Donations from local church groups and other organizations.	Donated materials or volunteer labor for the installation of winterization measures.
5	In-kind and other benefits, including blankets, sleepers, snow suits, and sweatshirts, which are intended to improve client comfort and reduce heating costs.	Fund-raising initiatives and drives; examples Project Santa and American Red Cross.	Subgrantees ensure LIHEAP clients are aware of and have access to these benefits.

LOW INCOME HOME ENERGY ASSISTANCE PROGRAM(LIHEAP) **MODEL PLAN** **SF - 424 - MANDATORY**

Section 16: Performance Goals and Measures, 2605(b) - Required for States Only

16.1 Describe your progress toward meeting the data collection and reporting requirements of the four required LIHEAP performance measures. Include timeframes and plans for meeting these requirements and what you believe will be accomplished in the coming federal fiscal year.

Energy Cost Data:

MaineHousing's centralized LIHEAP database and application documents require the following information:

- Main fuel type and vendor account number;
- As part of the application process applicants age 18 years or older are required to sign a release permitting the Subgrantee and MaineHousing to provide information to and obtain information from other parties or agencies; and
- Electric utility account information.

Home Energy Consumption: Per the vendor agreement, vendors are contractually obligated to submit **Annual Consumption Reports** to MaineHousing to report deliveries for a household's main fuel, from May 1 through April 30. The consumption data is entered/imported into MaineHousing's centralized LIHEAP database.

Electricity vendors are required to provide non-heat usage data for clients. Household Income is entered into MaineHousing's centralized LIHEAP database. LIHEAP benefits are calculated by and stored in MaineHousing's centralized LIHEAP database.

Home Energy Status

Crisis Assistance: MaineHousing's centralized LIHEAP database and Crisis application documents capture the number of households without home energy service (disconnected, out of fuel, inoperable equipment) and the number of households at risk of losing home energy (past due/disconnect notice, nearly out of fuel, at risk equipment).

Heating Assistance: MaineHousing's centralized LIHEAP database supports the collection and reporting of the LIHEAP Performance Measures Restoration and Prevention data requirements.

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 17: Program Integrity, 2605(b)(10)

17.1 Fraud Reporting Mechanisms

a. Describe all mechanisms available to the public for reporting cases of suspected waste, fraud, and abuse. Select all that apply.

- Online Fraud Reporting
- Dedicated Fraud Reporting Hotline
- Report directly to local agency/district office or Grantee office
- Report to State Inspector General or Attorney General
- Forms and procedures in place for local agencies/district offices and vendors to report fraud, waste, and abuse
- Other - Describe:

MaineHousing has zero tolerance for fraud. MaineHousing's Compliance Program Officer investigates any concerns reported by energy vendors, Subgrantees, or third-parties.

Suspected fraud and abuse may be reported to a dedicated email address: LIHEAPcompliance@mainehousing.org

b. Describe strategies in place for advertising the above-referenced resources. Select all that apply

- Printed outreach materials
- Addressed on LIHEAP application
- Website
- Other - Describe:

The LIHEAP Handbook for Subgrantees and the Vendor guide, which are distributed annually and maintained on MaineHousing's website portal to accommodate real-time changes, include information about reporting suspected fraud, misuse, and abuse.

17.2. Identification Documentation Requirements

a. Indicate which of the following forms of identification are required or requested to be collected from LIHEAP applicants or their household members.

Type of Identification Collected	Collected from Whom?						
	Applicant Only		All Adults in Household		All Household Members		
Social Security Card is photocopied and retained	<input type="checkbox"/>	Required	<input type="checkbox"/>	Required	<input type="checkbox"/>	Required

b. Describe any exceptions to the above policies.

See attachment - Section 17 Program Integrity

17.3 Identification Verification

Describe what methods are used to verify the authenticity of identification documents provided by clients or household members. Select all that apply

- Verify SSNs with Social Security Administration
- Match SSNs with death records from Social Security Administration or state agency
- Match SSNs with state eligibility/case management system (e.g., SNAP, TANF)
- Match with state Department of Labor system
- Match with state and/or federal corrections system
- Match with state child support system
- Verification using private software (e.g., The Work Number)
- In-person certification by staff (for tribal grantees only)
- Match SSN/Tribal ID number with tribal database or enrollment records (for tribal grantees only)
- Other - Describe: All Applicants two years of age or older must provide proof of Social Security Number (SSN). Any document used to prove SSN must contain all nine (9) digits and the Applicant's full name. SSN documentation is saved in MaineHousing's centralized LIHEAP database.

17.4. Citizenship/Legal Residency Verification

What are your procedures for ensuring that household members are U.S. citizens or aliens who are qualified to receive LIHEAP benefits? Select all that apply.

- Clients sign an attestation of citizenship or legal residency
- Client's submission of Social Security cards is accepted as proof of legal residency
- Noncitizens must provide documentation of immigration status
- Citizens must provide a copy of their birth certificate, naturalization papers, or passport
- Noncitizens are verified through the SAVE system
- Tribal members are verified through Tribal enrollment records/Tribal ID card
- Other - Describe:

17.5. Income Verification

What methods does your agency utilize to verify household income? Select all that apply.

- Require documentation of income for all adult household members
 - Pay stubs
 - Social Security award letters
 - Bank statements
 - Tax statements
 - Zero-income statements
 - Unemployment Insurance letters
 - Other - Describe: Odd Job Income Worksheet and/or Self-Employment Worksheet are used for applicable situations. Department of Labor history report required for all applicants who self-declare receipt of unemployment benefits. Applicants who claim zero income or self-declare they are unemployed must sign an affidavit. Applicants who self-declare receipt of Social Security income and/or Supplemental Security Income are required to provide a copy of their Social Security award letter.
- Computer data matches:
 - Income information matched against state computer system (e.g., SNAP, TANF)
 - Proof of unemployment benefits verified with state Department of Labor
 - Social Security income verified with SSA
 - Utilize state directory of new hires
 - Other - Describe:

17.6. Protection of Privacy and Confidentiality

Describe the financial and operating controls in place to protect client information against improper use or disclosure. Select all that apply.

- Policy in place prohibiting release of information without written consent
- Grantee LIHEAP database includes privacy/confidentiality safeguards
- Employee training on confidentiality for:
 - Grantee employees
 - Local agencies/district offices
- Employees must sign confidentiality agreement
 - Grantee employees
 - Local agencies/district offices
- Physical files are stored in a secure location

Other - Describe: Mandatory cybersecurity training for all users of MaineHousing's centralized LIHEAP database system.

17.7. Verifying the Authenticity

What policies are in place for verifying vendor authenticity? Select all that apply.

All vendors must register with the State/Tribe.

All vendors must supply a valid SSN or TIN/W-9 form

Vendors are verified through energy bills provided by the household

Grantee and/or local agencies/district offices perform physical monitoring of vendors

Other - Describe and note any exceptions to policies above:

MaineHousing runs a background check for all new vendors to verify there are no civil or federal judgments or bankruptcies.

Contracts are made only with vendors who possess the ability to perform successfully under the terms and conditions of a proposed procurement with consideration given to matters such as vendor integrity, record of past performance, financial and technical resources or accessibility to other necessary resources. All vendors must supply valid TIN number, or Social Security number, in the contracting process.

17.8. Benefits Policy - Gas and Electric Utilities

What policies are in place to protect against fraud when making benefit payments to gas and electric utilities on behalf of clients? Select all that apply.

- Applicants required to submit proof of physical residency
- Applicants must submit current utility bill
- Data exchange with utilities that verifies:
 - Account ownership
 - Consumption
 - Balances
 - Payment history
 - Account is properly credited with benefit
 - Other - Describe:
- Centralized computer system/database tracks payments to all utilities
- Centralized computer system automatically generates benefit level
- Separation of duties between intake and payment approval
- Payments coordinated among other energy assistance programs to avoid duplication of payments
- Payments to utilities and invoices from utilities are reviewed for accuracy
- Computer databases are periodically reviewed to verify accuracy and timeliness of payments made to utilities
- Direct payment to households are made in limited cases only
- Procedures are in place to require prompt refunds from utilities in cases of account closure
- Vendor agreements specify requirements selected above, and provide enforcement mechanism
- Other - Describe:

17.9. Benefits Policy - Bulk Fuel Vendors

What procedures are in place for averting fraud and improper payments when dealing with bulk fuel suppliers of heating oil, propane, wood, and other bulk fuel vendors? Select all that apply.

- Vendors are checked against an approved vendors list
- Centralized computer system/database is used to track payments to all vendors
- Clients are relied on for reports of non-delivery or partial delivery
- Two-party checks are issued naming client and vendor
- Direct payment to households are made in limited cases only
- Vendors are only paid once they provide a delivery receipt signed by the client
- Conduct monitoring of bulk fuel vendors
- Bulk fuel vendors are required to submit reports to the Grantee
- Vendor agreements specify requirements selected above, and provide enforcement mechanism
- Other - Describe:

Wood vendors are paid after they provide a delivery receipt signed by the client.

17.10. Investigations and Prosecutions

Describe the Grantee's procedures for investigating and prosecuting reports of fraud, and any sanctions placed on clients/staff/vendors found to have committed fraud. Select all that apply.

- Refer to state Inspector General
- Refer to local prosecutor or state Attorney General
- Refer to US DHHS Inspector General (including referral to OIG hotline)
- Local agencies/district offices or Grantee conduct investigation of fraud complaints from public

Grantee attempts collection of improper payments. If so, describe the recoupment process

MaineHousing will investigate all reported Errors and Program Abuse. If there is documented information to indicate Errors and Program Abuse, MaineHousing will notify the Applicant and provide them an opportunity to respond. Based on the response, MaineHousing will determine what, if any, appropriate action should be taken.

Once Errors and Program Abuse is confirmed or if an Applicant fails to respond to inquiries regarding suspected Errors and Program Abuse, an overpayment will be calculated and communicated to the Applicant. In addition to the overpayment, the communication will include: 1) the facts surrounding the decision, 2) the reason for the decision, and 3) the manner by which the Applicant can request an appeal. MaineHousing may investigate the previous three (3) Program Years from the Date of Discovery. The overpayment may include any or all of those three (3) years.

- Applicant may pay MaineHousing the full amount of an overpayment.
- Applicant may enter into a payment arrangement. Minimum monthly payment allowed will be set at \$5.00 a month.
- Despite the existence of a repayment agreement, MaineHousing will recoup 50% of any current and future Benefits to offset against an overpayment balance.
- MaineHousing will recoup Benefits on account with the Applicant's Vendor to offset against an overpayment balance. When Applicant fails to repay overpayment, the case may be referred to other internal and external groups for additional action.

MaineHousing may close an overpayment for any of the following reasons:

- Overpayment has been paid in full;
- The overpayment is determined to be invalid based on a fair hearing decision or a court decision; or
- All adult persons(s) responsible for overpayment are deceased.

Clients found to have committed fraud are banned from LIHEAP assistance. For how long is a household banned?

Contracts with local agencies require that employees found to have committed fraud are reprimanded and/or terminated

Vendors found to have committed fraud may no longer participate in LIHEAP

Other - Describe:

If any of the above questions require further explanation or clarification that could not be made in the fields provided, attach a document with said explanation here.

Section 18: Certification Regarding Debarment, Suspension, and Other Responsibility Matters

Section 18: Certification Regarding Debarment, Suspension, and Other Responsibility Matters

Certification Regarding Debarment, Suspension, and Other Responsibility Matters- Primary Covered Transactions

Instructions for Certification

1. By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meanings set out in the Definitions and Coverage sections of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency entering into this transaction.

7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.

9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.

Certification Regarding Debarment, Suspension, and Other Responsibility Matters--Primary Covered Transactions

(1) The prospective primary participant certifies to the best of its knowledge and belief, that it and its principals:

(a) Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded by any Federal department or agency;

(b) Have not within a three-year period preceding this proposal been convicted of or had a civil judgment rendered against them for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (Federal, State or local) transaction or contract under a public transaction; violation of Federal or State antitrust statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, or receiving stolen property;

(c) Are not presently indicted for or otherwise criminally or civilly charged by a governmental entity (Federal, State or local) with commission of any of the offenses enumerated in paragraph (1)(b) of this certification; and

(d) Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State or local) terminated for cause or default.

(2) Where the prospective primary participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.
4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower tier participant agrees by submitting this proposal that, [[Page 33043]] should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled ``Certification Regarding Debarment,

Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Non-procurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.

Certification Regarding Debarment, Suspension, Ineligibility an Voluntary Exclusion--Lower Tier Covered Transactions

(1) The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

(2) Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

By checking this box, the prospective primary participant is providing the certification set out above.

Section 19: Certification Regarding Drug-Free Workplace Requirements

Section 19: Certification Regarding Drug-Free Workplace Requirements

This certification is required by the regulations implementing the Drug-Free Workplace Act of 1988: 45 CFR Part 76, Subpart, F. Sections 76.630(c) and (d)(2) and 76.645(a)(1) and (b) provide that a Federal agency may designate a central receipt point for STATE-WIDE AND STATE AGENCY-WIDE certifications, and for notification of criminal drug convictions. For the Department of Health and Human Services, the central point is: Division of Grants Management and Oversight, Office of Management and Acquisition, Department of Health and Human Services, Room 517-D, 200 Independence Avenue, SW Washington, DC 20201.

Certification Regarding Drug-Free Workplace Requirements (Instructions for Certification)

- By signing and/or submitting this application or grant agreement, the grantee is providing the certification set out below.
- The certification set out below is a material representation of fact upon which reliance is placed when the agency awards the grant. If it is later determined that the grantee knowingly rendered a false certification, or otherwise violates the requirements of the Drug-Free Workplace Act, the agency, in addition to any other remedies available to the Federal Government, may take action authorized under the Drug-Free Workplace Act.
- For grantees other than individuals, Alternate I applies.
- For grantees who are individuals, Alternate II applies.
- Workplaces under grants, for grantees other than individuals, need not be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
- Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
- If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously

identified the workplaces in question (see paragraph five).

8. Definitions of terms in the Non-procurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of sub-recipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

- (a) Publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
- (b) Establishing an ongoing drug-free awareness program to inform employees about:
 - (1) The dangers of drug abuse in the workplace;
 - (2) The grantee's policy of maintaining a drug-free workplace;
 - (3) Any available drug counseling, rehabilitation, and employee assistance programs;and
- (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

- (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will --
- (1) Abide by the terms of the statement; and
 - (2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
- (e) Notifying the agency in writing, within ten calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
- (f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted --
- (1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
- (g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).
- (B) The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code)

26 Edison Drive

Alternate II. (Grantees Who Are Individuals)

(a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;

(b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other

designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.

Section 20: Certification Regarding Lobbying

Section 20: Certification Regarding Lobbying

The submitter of this application certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions

(3) The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-recipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that:

If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying," in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any

person who fails to file the required statement shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Assurances

Assurances

(1) use the funds available under this title to--

(A) conduct outreach activities and provide assistance to low income households in meeting their home energy costs, particularly those with the lowest incomes that pay a high proportion of household income for home energy, consistent with paragraph (5);

(B) intervene in energy crisis situations;

(C) provide low-cost residential weatherization and other cost-effective energy-related home repair; and

(D) plan, develop, and administer the State's program under this title including leveraging programs, and the State agrees not to use such funds for any purposes other than those specified in this title;

(2) make payments under this title only with respect to--

(A) households in which one or more individuals are receiving--

(i) assistance under the State program funded under part A of title IV of the Social Security Act;

(ii) supplemental security income payments under title XVI of the Social Security Act;

(iii) food stamps under the Food Stamp Act of 1977; or

(iv) payments under section 415, 521, 541, or 542 of title 38, United States Code, or under section 306 of the Veterans' and Survivors' Pension Improvement Act of 1978; or

(B) households with incomes which do not exceed the greater of -

(i) an amount equal to 150 percent of the poverty level for such State; or

(ii) an amount equal to 60 percent of the State median income;

(except that a State may not exclude a household from eligibility in a fiscal year solely on the basis of household income if such income is less than 110 percent of the poverty level for such State, but the State may give priority to those households with the highest home energy costs or needs in relation to household income.

(3) conduct outreach activities designed to assure that eligible households, especially households with elderly individuals or disabled individuals, or both, and households with high home energy burdens, are made aware of the assistance available under this title, and any similar energy-related assistance available under subtitle B of title VI (relating to community services block grant program) or under any other provision of law which carries out programs which were administered under the Economic Opportunity Act of 1964 before the date of the enactment of this Act;(4) coordinate its activities under this title with similar and related programs administered by the Federal Government and such State, particularly low-income energy-related programs under subtitle B of title VI (relating to community services block grant program), under the supplemental security income program, under part A of title IV of the Social Security Act, under title XX of the Social Security Act, under the low-income weatherization assistance program under title IV of the Energy Conservation and Production Act, or under any other provision of law which carries out programs which were administered under the Economic Opportunity Act of 1964 before the date of the enactment of this Act;(5) provide, in a timely manner, that the highest level of assistance will be furnished to those households which have the lowest incomes and the highest energy costs or needs in relation to income, taking into account family size, except that the State may not differentiate in implementing this section between the households described in clauses 2(A) and 2(B) of this subsection;

(6) to the extent it is necessary to designate local administrative agencies in order to carry out the purposes of this title, to give special consideration, in the designation of such agencies, to any local public or private nonprofit agency which was receiving Federal funds under any low-income energy assistance program or weatherization program under the Economic Opportunity Act of 1964 or any other provision of law on the day before the date of the enactment of this Act, except that -

(A) the State shall, before giving such special consideration, determine that the agency involved meets program and fiscal requirements established by the State; and

(B) if there is no such agency because of any change in the assistance furnished to programs for economically disadvantaged persons, then the State shall give special consideration in the designation of local administrative agencies to any successor agency which is operated in substantially the same manner as the predecessor agency which did receive funds for the fiscal year preceding the fiscal year for which the determination is made;

(7) if the State chooses to pay home energy suppliers directly, establish procedures to --

(A) notify each participating household of the amount of assistance paid on its behalf;

(B) assure that the home energy supplier will charge the eligible household, in the normal billing process, the difference between the actual cost of the home energy and the amount of the payment made by the State under this title;

(C) assure that the home energy supplier will provide assurances that any agreement entered into with a home energy supplier under this paragraph will contain provisions to assure that no household receiving assistance under this title will be treated adversely because of such assistance under applicable provisions of State law or public regulatory requirements; and

(D) ensure that the provision of vendor payments remains at the option of the State in consultation with local grantees and may be contingent on unregulated vendors taking appropriate measures to alleviate the energy burdens of eligible households, including providing for agreements between suppliers and individuals eligible for benefits under this Act that seek to reduce home energy costs, minimize the risks of home energy crisis, and encourage regular payments by individuals receiving financial assistance for home energy costs;

(8) provide assurances that,

(A) the State will not exclude households described in clause (2)(B) of this subsection from receiving home energy assistance benefits under clause (2), and

(B) the State will treat owners and renters equitably under the program assisted under this title;

(9) provide that--

(A) the State may use for planning and administering the use of funds under this title an amount not to exceed 10 percent of the funds payable to such State under this title for a fiscal year; and

(B) the State will pay from non-Federal sources the remaining costs of planning

and administering the program assisted under this title and will not use Federal funds for such remaining cost (except for the costs of the activities described in paragraph (16));

(10) provide that such fiscal control and fund accounting procedures will be established as may be necessary to assure the proper disbursement of and accounting for Federal funds paid to the State under this title, including procedures for monitoring the assistance provided under this title, and provide that the State will comply with the provisions of chapter 75 of title 31, United States Code (commonly known as the "Single Audit Act");

(11) permit and cooperate with Federal investigations undertaken in accordance with section 2608;

(12) provide for timely and meaningful public participation in the development of the plan described in subsection (c);

(13) provide an opportunity for a fair administrative hearing to individuals whose claims for assistance under the plan described in subsection (c) are denied or are not acted upon with reasonable promptness; and

(14) cooperate with the Secretary with respect to data collecting and reporting under section 2610.

(15) * beginning in fiscal year 1992, provide, in addition to such services as may be offered by State Departments of Public Welfare at the local level, outreach and intake functions for crisis situations and heating and cooling assistance that is administered by additional State and local governmental entities or community-based organizations (such as community action agencies, area agencies on aging and not-for-profit neighborhood-based organizations), and in States where such organizations do not administer functions as of September 30, 1991, preference in awarding grants or contracts for intake services shall be provided to those agencies that administer the low-income weatherization or energy crisis intervention programs.

* This assurance is applicable only to States, and to territories whose annual regular LIHEAP allotments exceed \$200,000. Neither territories with annual allotments of \$200,000 or less nor Indian tribes/tribal organizations are subject to Assurance 15.

(16) use up to 5 percent of such funds, at its option, to provide services that encourage and enable households to reduce their home energy needs and thereby the need for energy assistance, including needs assessments, counseling, and assistance with energy vendors, and report to the Secretary concerning the impact of such activities on the number of households served, the level of direct benefits provided to those households, and the number of households that remain unserved.

Section 2 Heating Assistance

2.1 Eligibility Guideline

Maine will use the following standards to determine income eligibility:

- i. the greater of 150% of Federal poverty guidelines or 60% of State median income.

MaineHousing will establish eligibility guidelines based on the availability of federal funding for the programs during each program year. MaineHousing strives to provide an average benefit in an amount to purchase at least 100 gallons of fuel. MaineHousing reserves the right to lower the percent of poverty criteria for HEAP eligibility to manage funding, benefit levels, and eligibility.

Section 5.5 Weatherization

Maine will allocate up to 15% of the FFY 2022 grant for HEAP Weatherization and other energy-related home repair, including the Central Heating Improvement Program (CHIP) and Heat Pump Program.

HEAP Weatherization

1. The purpose of HEAP Weatherization is to reduce Eligible Households' need for Fuel Assistance, particularly those with the lowest Household Incomes that pay a high proportion of Household Income for Home Energy and those that include Priority Applicants.
 - a. Using HEAP Weatherization in conjunction with DOE funds: If the HEAP Weatherization guidelines conflict with those required by 10 CFR Part 440, DOE requirements shall have precedence. HEAP Weatherization funds may only be used to weatherize Dwelling Units occupied by HEAP income-eligible households.
 - b. Weatherization measures must be installed in accordance with the Maine Weatherization Standards, as may be amended from time to time.
 - c. A Household may be eligible for HEAP Weatherization if the Household:
 - i. is eligible for HEAP/fuel assistance;
 - ii. has a HEAP application certified-eligible within the twelve (12) months preceding the date of the Subgrantee's energy audit of the Dwelling Unit; and
 - iii. does not have a more recent Application that has been certified-denied, unless the sole reason for the denial is over-income and the Household income does not exceed 200% of federal poverty.
 - d. Income Eligibility. MaineHousing uses the DOE income threshold of 200% of federal poverty to determine income-eligibility for HEAP Weatherization. If a Household's total income exceeds the HEAP income guidelines, but is less than or equal to 200% of poverty, the Household may be eligible for HEAP Weatherization provided the following are true:
 - i. Household is otherwise eligible for HEAP/fuel assistance (income is the sole reason for denial). The Application must be complete and all required documentation has

been submitted/accepted and the eligibility was determined/certified within the twelve (12) months preceding the date of the Subgrantee's energy audit of the Dwelling Unit;

- ii. Household does not have a more recent Application that has been certified-denied, unless the sole reason for the denial is over-income and the Household income does not exceed 200% of federal poverty guidelines.

2. Proof of Ownership. The Subgrantee shall verify ownership of all Dwelling Units and Rental Units prior to performing any work. Proof of ownership may include current property tax bill, statement from the local tax assessor, town clerk or similar municipal official, or documentation from electronic registry.

Life estates and leases require a copy of the document conferring the Applicant's rights.

The Subgrantee must obtain the written permission of the owner of the Rental Unit prior to performing any work.

3. A Dwelling Unit will not be eligible under HEAP Weatherization if:

- a. Dwelling Unit received weatherization services under HEAP Weatherization or another MaineHousing program within the prior fifteen (15) year period.
- b. Dwelling Unit has been designated for acquisition or clearance by a federal, state, or local program or order;
- c. Dwelling Unit has been designated for foreclosure;
- d. Dwelling Unit is for sale;
- e. Dwelling Unit is vacant;
- f. Dwelling Unit is uninhabitable as determined by a local municipality, State Agency, MaineHousing, or a Community Action Agency;
- g. Dwelling Unit is in poor structural condition making the installation of HEAP Weatherization services impractical, impossible, or ineffective;
- h. Dwelling Unit is in such poor structural condition that the proposed HEAP Weatherization services would have a longer life expectancy than the Dwelling Unit;
- i. Dwelling Unit has been damaged by fire, flood or an act of God and repair of the damage is covered by insurance;
- j. There are obvious discrepancies found between the information supplied on the Application and observed conditions during the HEAP Weatherization process. The Subgrantee must resolve any discrepancies before work can continue.

4. Allowable Uses:

- a. Weatherization needs assessments/audits;
- b. Air sealing and insulation;
- c. Storm windows;
- d. Heating System modifications/repairs;
- e. Heating System replacements;
- f. Heating System cleaning, tuning, and evaluating;
- g. Compact fluorescent light bulbs;
- h. Energy related roof repairs;
- i. Major appliance repairs/replacements, including water heaters, provided the total cost of the appliances does not exceed 20% of the labor and material costs associated with the installation of energy conservation measures or one appliance if the 20% will not cover the repair/replacement cost of one appliance;
- j. Incidental Repairs – per unit average not to exceed 20%;
- k. Health and safety measures – per unit average not to exceed \$1,200;
- l. Replacement windows and doors are allowable only under exceptional circumstances and only after all other reasonable repair options have been considered and rejected.

5. Fuel Switching: As a general guideline, the practice of fuel switching when replacing Heating Systems is not allowed. However, if the Subgrantee determines that the switching of a fuel source is warranted, then a written waiver request must be submitted to MaineHousing for review and consideration (on a case-by-case basis) prior to the installation.

6. Work on an eligible Dwelling Unit previously weatherized under a MaineHousing program may be reopened if:

- a. the reopening occurs within six (6) months of completion of the original weatherization service; and
- b. The reopening is required because the previous service is the proximate cause of an immediate threat to the health and safety of the occupants; or

- c. The quality of weatherization material or its installation is deemed deficient by MaineHousing.
7. Subgrantees shall administer and operate HEAP Weatherization in their Service Areas, unless otherwise authorized by MaineHousing.
8. For the purposes of HEAP Weatherization, Subgrantees must conduct a public bid process to secure weatherization contractors at least annually as prescribed by MaineHousing.

Central Heating Improvement Program (CHIP)

1. A Household may be eligible for CHIP services if the Household:
 - A. is eligible for HEAP/fuel assistance;
 - B. has a household income less than or equal to 200% federal poverty level;
 - C. has a HEAP application certified-eligible within the prior twelve (12) months; and
 - D. does not have a more recent Application that has been certified-denied.
2. Subgrantees shall provide CHIP services based on the following priority order:
 - A. Eligible Households experiencing an Energy Crisis caused by Heating System malfunction or failure.
 - B. Non-wood Heating Systems that cannot achieve a minimum steady state efficiency of 70% (as determined by a CTE).
 - C. Preventative CTE and minor repairs on a non-emergency basis (owner-occupied dwelling units only). Date of the last CTE by a licensed technician must be more than 12 months prior to the initiation of services date.
 - D. The installation of a Heat Pump.
3. Eligible Households shall be served on a first-come, first-served basis with respect to each level of priority except when the Subgrantee is providing weatherization services to a Dwelling Unit. In this case, CHIP activities to Eligible Households that enable the Subgrantee to leverage funds may be served first.
4. Subgrantees shall administer and operate CHIP in their Service Areas unless otherwise determined by MaineHousing.
5. Heating System Replacement. Household may be eligible for assistance to replace a Heating System if the Household is eligible for HEAP/fuel assistance benefits. The amount of assistance shall take into account the Household's and non-occupying co-owner's countable assets.

The overall purpose of these asset limitations is to encourage a Household's contribution to meeting their needs, when possible, and at the same time recognize that household assets represent needed income and insurance against financial calamities, and that it is prudent to retain these assets to some extent.

- A. The Household will be required to contribute toward the cost of replacing the Heating System if the Household has countable assets in excess of \$5,000 or \$50,000 if a member of the Applicant Household is an Elderly Person. The same guidelines apply to Non-occupying Co-owner's Countable Assets. Countable assets are resources that are available to meet the immediate and urgent needs of the Household, and include:
- iii. Cash and funds on prepaid debit cards;
 - iv. Money in a checking or savings account (health savings accounts, educational funds, and burial accounts are excluded);
 - v. Stocks or bonds;
 - vi. U.S. Treasury bills;
 - vii. Money market funds; and
 - viii. Retirement accounts if there are no penalties or fees for withdrawals.
- B. A Household's contribution shall be determined by subtracting \$5,000 or \$50,000 (whichever is applicable) from its total countable assets. That difference will then be multiplied by the Household's percentage of ownership. A non-occupying co-owner's contribution shall be similarly calculated. The maximum CHIP benefit amount shall be determined by subtracting the sum of the Household's and non-occupying co-owner's contributions from the total replacement costs.

6. Rental Units Occupied By An Eligible Household: A life-time maximum benefit of \$400 for an Eligible Household. The maximum allowed in a non-owner occupied multi-family building is the lesser of \$400 times the number of Heating Systems that provide heat to Eligible Households or \$1,600.

7. If an Eligible Household member holds a life estate or life lease interest in and occupies the Dwelling Unit, the Dwelling Unit may be eligible if:

- the document conferring the Applicant's rights of the life estate or life lease states that the Eligible Household member is responsible for maintaining the Dwelling Unit, or is silent as to who is responsible for maintenance, or
- the Dwelling Unit is owned by an Eligible Household.

8. Proof of Ownership. The Subgrantee shall verify ownership of all Dwelling Units and Rental Units prior to performing any work. Proof of ownership may include current property tax bill, statement from the local tax assessor, town clerk or similar municipal official, or documentation from electronic registry.

9. A Dwelling Unit will not be eligible under CHIP if:

- A. Dwelling Unit is a Rental Unit that has received prior CHIP services to the life-time maximum benefit;
- B. Dwelling Unit has been designated for acquisition or clearance by a federal, state, or local program or order;
- C. Dwelling Unit has been designated for foreclosure;
- D. Dwelling Unit is for sale;
- E. Dwelling Unit is vacant;
- F. Dwelling Unit is uninhabitable as deemed by a local municipality, State Agency, MaineHousing, or a Community Action Agency;
- G. Dwelling Unit is in poor structural condition making the installation of CHIP services impractical, impossible, or ineffective;
- H. Dwelling Unit is in such poor structural condition that the proposed CHIP services would have a longer life expectancy than the Dwelling Unit;
- I. Dwelling Unit has been damaged by fire, flood or an act of God and repair of the damage is covered by insurance;
- J. There are obvious discrepancies found between the information supplied on the Application and observed conditions during the CHIP process. The Subgrantee must resolve any discrepancies before work can continue;
- K. Dwelling Unit has any other Heating System that is safe, operable, and is capable of heating the dwelling adequately during severe cold weather; or
- L. Subgrantee determines the Applicant failed to properly maintain a Heating System that was previously repaired or replaced under CHIP.

Eligible Households who apply for CHIP services for more than one Dwelling Unit will be subject to additional review to ensure the requested services are consistent with the intent of the program.

10. CHIP Allowable Uses:

- A. Cleaning, tuning, and evaluating oil or gas systems;
- B. Cleaning, evaluating, and servicing solid fuel systems;
- C. Replacing oil or gas burners;
- D. Replacing cracked heat exchangers;
- E. Replacing oil, gas, electric or solid fuel Heating Systems;
- F. Sealing and insulating Heating System pipes or ducts in unconditioned spaces;

- G. Installing electrical or mechanical Heating System ignition systems;
- H. Replacing or relocating thermostats and anticipator adjustment;
- I. Baffling of the combustion chamber;
- J. Optimizing the firing rate;
- K. Cleaning of the chimney;
- L. Smoke Alarms;
- M. Fire extinguishers;
- N. Carbon Monoxide detectors;
- O. Oil tanks;
- P. Oil tank gauges;
- Q. Installation of a heat pump;
- R. Temporary relocation provided the Eligible Household is experiencing a Life Threatening Crisis that cannot be adequately addressed through ECIP Measures;
- S. Other measures necessary to bring Heating Systems into compliance with applicable State and local codes and Maine Fuel Board requirements; and
- T. Other measures necessary to correct any Heating System problems that pose an immediate threat to the health and safety of the Eligible Household.

11. CHIP Unallowable Uses:

- A. Reimbursement or payment for purchases made by or costs incurred by an Applicant.
- B. Replacement of a Heating System if the Dwelling Unit received a prior Heating System replacement funded by CHIP unless the Heating System is near the end of or beyond its estimated useful life as defined by [EUL FOR CNA E TOOL.PDF \(hud.gov\)](#)

12. Fuel Switching. As a general guideline, the practice of fuel switching is not allowed. However, if the Subgrantee determines that the switching of a fuel source is warranted, then a written waiver request must be submitted to MaineHousing for review and consideration (on a case-by-case basis) prior to the installation.

13. Subgrantee must perform a final inspection on all CHIP services for heating system replacement jobs. Inspections will include an evaluation to determine:

- A. Compliance with applicable codes;
- B. That all work performed was authorized by the Subgrantee; and
- C. The combustion efficiency level of the Heating System where technically feasible.

14. Specific Procurement Requirements. Prior to the performance of CHIP services, the Subgrantee shall follow the procedures below:

- A. Procurement less than or equal to \$10,000. Procurement of services, including materials, equipment and services from specialized trades, such as electricians, plumbers, masons and oil burner repair people shall be performed in accordance with the following procedures.
 - i. Solicit by telephone, email, vendor website, catalog, price list, or similar means one price quote for the required materials, equipment and services.
 - ii. Determine if the quoted price is reasonable based on one or more factors identified by Subgrantee, such as recent purchases of, or research on, goods or services of the same kind or related knowledge or expertise; otherwise, solicit two price quotes by similar means.
 - iii. Copies of all procurement records, including basis for the contractor selection and factors used to determine if the quoted price is reasonable, must be retained in the Subgrantee files.
- B. Procurement over \$10,000. Procurement of services, including materials, equipment and services from specialized trades, such as electricians, plumbers, masons and oil burner repair people shall be performed in accordance with the following procedures.
 - i. Perform a price survey for the required materials, equipment and services.
 - ii. Make every reasonable attempt to receive price quotations or bids from at least three (3) reputable Contractors and fully document the bid process and all bids received on a survey sheet.
 - iii. Purchase the materials, equipment or services from the Contractor, whose bid or proposal is the lowest, taking into consideration the Contractor's performance record and other relevant factors. Fully document the selection process.
 - iv. Copies of all procurement records, including basis for contractor selection must be retained in the Subgrantee files.
- C. The Subgrantee must prepare an Invitation to Bid or a Request for Proposal, which:

- i. Identifies all requirements which prospective bidders must fulfill, including the due dates for bids; and
- ii. Identifies all factors which the Subgrantees will consider in evaluating and awarding bids.

D. The Invitation to Bid or Request for Proposal must be mailed, faxed or emailed to no less than three (3) prospective contractors who may reasonably be expected to submit a bid.

E. All bids must be received by the Subgrantee contact person via mail, fax or e-mail prior to a specified time for a bid opening at a specified time and location. All bids received must be kept in a secure location prior to all bids being received and tabulated. In addition, all correspondence relating to the procurement action must be retained in the bid files.

F. Sole Source Procurement. Subgrantee may solicit a proposal from only one source for one of the following reasons.

- i. Sole source procurement may be used in the following instances:
 - ii. Emergency or Urgent Need. An emergency situation or other urgent need exists and only one known source can provide the required goods or services within the time needed. Emergency or urgent situations include, but are not limited to, natural disasters or a Life Threatening Crisis.
 - iii. Uniqueness. The item or service is available from only one source, based on a reasonable, good faith review of the market for the type of item or service needed.
 - iv. Inadequate Competitive Proposals. After evaluation of all proposals submitted in a competitive procurement, all proposals are determined to be inadequate.
 - v. Subgrantee shall submit a written statement justifying the use and approval of all sole source procurements, in excess of \$10,000, to MaineHousing for its consideration prior to the installation of services.
 - vi. Subgrantee will retain a copy of the solicitation and the proposal received in response, a record of the approval by MaineHousing in Subgrantee's records.

Heat Pump Program (HPP)

- A. Eligibility. A Household may be eligible for the Heat Pump Program if the Household:
 1. is eligible for HEAP/fuel assistance;
 2. has a household income less than or equal to 200% Federal Poverty Level;
 3. has an Application certified-eligible within the twelve (12) months preceding the date of the Subgrantee's energy audit of the Dwelling Unit;

4. does not have a more recent Application that has been certified-denied; and
 5. has a working primary heating system.
- B. Proof of Ownership. Ownership of all Dwelling Units shall be verified prior to any work being performed. Proof of ownership may include current property tax bill, statement from the local tax assessor, town clerk or similar municipal official, or documentation from electronic registry.

Life estates and leases require a copy of the document conferring the Applicant's rights.

- C. A Dwelling Unit will not be eligible under the Heat Pump Program if:
1. Dwelling Unit already is equipped with a heat pump;
 2. Dwelling Unit has been designated for acquisition or clearance by a federal, state, or local program or order;
 3. Dwelling Unit has been designated for foreclosure;
 4. Dwelling Unit is for sale;
 5. Dwelling Unit is vacant;
 6. Dwelling Unit is uninhabitable as determined by a local municipality, State Agency, MaineHousing, or a Community Action Agency ;
 7. Dwelling Unit is in poor structural condition making the installation of a heat pump impractical, impossible, or ineffective;
 8. Dwelling Unit is in such poor structural condition that the proposed Heat Pump Program services would have a longer life expectancy than the Dwelling Unit;
 9. There are obvious discrepancies found between the information supplied on the Application and observed conditions during the HEAP Weatherization process. The Subgrantee must resolve any discrepancies before work can continue.

D. Allowable Uses:

1. Installation of a Heat Pump; and
2. Installation of electric subpanel for heat pump if needed.

Section 5 Multifamily Weatherization

MaineHousing’s goal for the weatherization of multifamily units is for the low income tenants to receive a direct benefit. Multifamily properties are those with two or more units. If the owner occupies one of the units in a two to four unit rental property, the property will be considered a single family dwelling provided the owner is LIHEAP eligible.

MaineHousing allows for the weatherization of the entire building rather than just the low income units. If a property consists of more than one building, each building will need to qualify on its own.

The purpose of HEAP Weatherization is to reduce Eligible Households’ need for Fuel Assistance, particularly those that include Priority Applicants and pay a high proportion of Household Income for Home Energy. Therefore, the primary focus is on properties where the low income tenants see a direct financial benefit. For these reasons, HEAP Weatherization funding may be used to weatherize multifamily units according to the following guidelines:

1. Not less than 66% (or 50% in the case of multi-family units of 2 or 4 dwelling units), must be LIHEAP eligible (all buildings if a multi-building property).

Section 5.5 Weatherization – Quality Assurance and Training Protocols

MaineHousing administers the HEAP Weatherization and other energy-related home repair, including the Central Heating Improvement Program (CHIP) mostly under LIHEAP rules. Pursuant to the requirements of the Model Plan, MaineHousing has established quality control, training, inspection, and installation protocols to ensure program integrity and work quality.

1. HEAP Weatherization Protocols:

- a. **Maine State Housing 2020 Maine Weatherization Standards (“Standards”):** HEAP Weatherization work shall comply with all applicable codes and Standards. The Standards provide guidelines to local administering agencies and contractors regarding the proper delivery of weatherization services for residential buildings. The purpose of the Standards is to ensure that high quality service is given at a reasonable cost and is delivered uniformly throughout Maine. The success of this program depends upon agencies and contractors having a full understanding of these weatherization standards.

The objective of the Standards is twofold. First, it serves to define the appropriate application of weatherization measures for each residence serviced. The Standards delineate material specifications as well as the steps that should be followed to complete each measure. Alternative methods will be allowed, but whatever method is used must meet or exceed the standard described in the relevant section of this document. Second, the Standards set guides for the expectation of quality of the installed product. Procedures are included for evaluating the quality of each installed conservation measure and the overall quality of the completed job. Additionally, the Standards help ensure that weatherization program funds are used in the most cost-effective manner possible.

The Standards are intended to be a dynamic document, changing as necessary to reflect advances in best practices for weatherization and the health and safety of clients and weatherization personnel.

- b. **Final Inspection:** No dwelling unit may be billed under HEAP Weatherization until the subgrantee has performed a final inspection and certified that the applicable work was performed in an acceptable manner.
- c. **Desk Reviews:** MaineHousing staff performs a comprehensive compliance and technical (desk) review of jobs submitted for billing. This review verifies weatherization services were administered and installed in accordance with program requirements; verifies eligibility of dwelling unit and household, required documentation has been signed by the appropriate parties, and the pre- and post-weatherization testing and measures installed were consistent/compliant with program requirements. Any identified issues or questions must be addressed with and resolved by the subgrantee prior to payment.
- d. **Monitoring:** MaineHousing’s Technical Service Specialists do quality control. At a minimum, 5% of all units billed as completed will receive State unit inspections. If the work does not comply with program requirements and Standards, the MaineHousing Technical Service Specialist will require the subgrantee to issue an add-work/rework order or de-bill the job.

e. **Training:**

- i. MaineHousing organizes specialized trainings as determined necessary.
- ii. MaineHousing conducts ongoing assessment of subgrantee training needs during onsite inspections, audits, desk reviews, and joint meetings. MaineHousing's Technical Service Specialists work in the field with subgrantee staff to provide training and support as needed.
- iii. Maine Community Action Partnership's (MeCAP) Building Technical Committee (BTC) meets on a monthly basis to discuss all aspects of the weatherization program. The committee consists of a technical representative from each subgrantee. MaineHousing participates in the monthly BTC meetings where production, training, and other programmatic developments and standards are discussed. Through this venue subgrantees are continually updated with information and techniques regarding energy conservation and health and safety issues. This ensures that all subgrantees are receiving the same information and creates consistency for a quality program across the state.
- iv. MaineHousing participates in monthly meetings with the MeCAP Housing Council. This council consists of weatherization managers from each subgrantee. This serves as a forum for discussing policy issues, identifying training needs, and for sharing information.

2. **Central Heating Improvement Program (CHIP) Protocols:**

- a. **Final Inspections:** Subgrantee must perform a final inspection on all CHIP services for heating system replacements. Inspections will include an evaluation to determine:
 - i. Compliance with applicable codes;
 - ii. That all work performed was authorized by the subgrantee; and
 - iii. The combustion efficiency level of the Heating System (when technically feasible).
- b. **Desk Reviews:** The EHS Weatherization Program Officer performs desk audits of 25% of the CHIP job billings. This review verifies – i) services were procured, administered and installed in accordance with program requirements; ii) eligibility of dwelling unit and household; and iii) required documentation has been signed by the appropriate parties. Any identified issues or questions must be addressed with and resolved by the subgrantee prior to payment.
- c. **Monitoring:** MaineHousing performs onsite inspections as deemed necessary.

3. **Heat Pump Program (HPP) Protocols:**

- a. **Final Inspections:** Subgrantee must perform a final inspection on a minimum of 5% of all HPP jobs. Inspections will include an evaluation to determine:
 - i. Compliance with applicable standards and regulations; and
 - ii. That all work performed was authorized by the subgrantee.
- b. **Desk Reviews:** The EHS Weatherization Program Officer performs desk audits of 25% of the HPP job billings. This review verifies – i) services were procured, administered and installed in accordance with program requirements; ii) eligibility of dwelling unit and household; and iii) required documentation has been signed by the appropriate parties. Any identified issues or questions must be addressed with and resolved by the subgrantee prior to payment.
- c. **Monitoring:** MaineHousing performs onsite inspections on a minimum of 5% of all HPP jobs.

Section 17 Program Integrity

17.2 Identification Documentation Requirements

Social Security Numbers:

All Applicants two years of age or older must provide proof of Social Security Number (SSN). Any document used to prove SSN must contain all nine (9) digits and the Applicant's full name.

Acceptable documents are:

- a. Social Security Card issued by the Social Security Administration;
- b. Non SSA-1099 tax form;
- c. Valid unexpired U.S. Military documents such as DD 214 Certificate of Release or Discharge from Active Duty issued by the U.S. Department of Defense;
- d. Bank tax form; or
- e. W-2 (current wage and tax statement).

If the household includes a child under the age of two who has not received a SSN, the application is processed. However, the applicant must provide the child's SSN for subsequent program year applications.

Verification of Primary Applicant's Identity:

Subgrantees shall verify Primary Applicants' identities by requesting government-issued identification cards. One of the following can be provided to establish the identity of the Primary Applicant:

- Driver's license;
- State issued ID card;
- Passport or passport card;
- U.S. Military ID; or
- SNAP electronic benefit transfer (EBT) card with photo.

Non-U.S. Citizens:

If a Household member is not a U.S. citizen, Applicant must provide a Social Security Card issued by the Social Security Administration or one of the following:

1. Permanent Resident Card (I-551)
2. Unexpired foreign passport with a valid unexpired U.S. Visa affixed accompanied by the approved I-94 form, documenting the Applicant's most recent admittance into the United States.
3. Permanent resident Re-entry Permit (I-327)
4. Arrival Departure Form I-94 with "Temporary I-551" stamp and holder's

photograph affixed

5. Travel Document issued to Permanent Residents (I-327)

6. Travel Document issued to Refugees (I-571) Form

7. I-94 stamped with one of the following statuses: Asylee, Parolee or Parole, Refugee, Asylum, HP-humanitarian parolee, PIP-public interest parolee, or Cuban-Haitian Entrant

17.6 Protection of Privacy and Confidentiality

Any information obtained by grantee or Subgrantee, its employees, agents, contractors, or any other representatives in the administration of Programs, whether obtained from the applicant or household or from a third-party, shall be kept confidential and shall not be made available for public inspection or released to any person, entity or agency unless: there is written consent to do so; information is required for an audit or the like; applicant or household has released such information for participation in a fair hearing; or disclosure of said information is required by law.

Any statements of financial condition or information concerning LIHEAP or Energy Crisis Intervention Program (ECIP) applicants or recipients submitted to vendors, or its employees, agents, contractors or other representatives is kept confidential.

Contracts with Subgrantees and energy vendors include specific guidelines for protecting client confidentiality and personally identifiable information. Keeping protected information secure is an obligation mandated by contractual agreements between MaineHousing and its partners.

Additionally, MaineHousing has an Acceptable Use Policy in-place with Subgrantees.

17.9 Benefits Policy

MaineHousing uses Vendor Agreements, annual reports provided by all contracted vendors, and on-site monitoring. LIHEAP household shall select vendor who has entered into a Vendor Agreement to provide Home Energy; HEAP benefits are paid directly to vendor.

Vendors must maintain records, including delivery tickets, for all customer deliveries. Each year MaineHousing audits a number of vendors on a rotating basis. MaineHousing verifies the vendor's compliance with LIHEAP policies and procedures and selects for review, at a minimum, a 10% sample of client accounts. Delivery tickets are verified to ensure that the vendor is making deliveries and is providing the required discount.

If significant problems are found, MaineHousing places the vendor on a "Watch List". The vendor will receive benefit payments post-delivery and will be closely monitored by MaineHousing.

MaineHousing investigates any and all client, Subgrantee, or third-party reports of vendor issues and pursues corrective action with the vendor as warranted (including placement on the Watch List).

17.10 Investigations and Prosecutions (Other description)

Primary Applicants will be required to refund any overpayment. A Household's eligibility to receive benefits from Programs is contingent on the resolution of any overpayment.

1. MaineHousing will recoup 50% of all outstanding overpayments from any current or future Benefits until the overpayment is paid in full.
2. The Household may be eligible for ECIP if they have entered into and are in compliance with the terms of a repayment agreement with MaineHousing to resolve the overpayment or the overpayment has been paid in full.
3. The Household will not be eligible to receive benefits under the Weatherization Assistance Program, CHIP, or the Heat Pump Program until the overpayment is paid in full.

“Overpayment” means any HEAP benefit paid to, or on behalf of, any Applicant or Household that exceeds the amount the Applicant or Household was eligible to receive.

BENEFIT DETERMINATION

1. The number of points assigned to an Eligible Household will be determined pursuant to the following:

Calculated or Reported Energy Cost	Points
\$0.01-\$400	5
\$401-\$800	10
\$801-\$1200	15
\$1201-\$1600	20
\$1601-\$2000	25
\$2001-\$2500	30
\$2501 and over	35
Calculated or Reported Energy Cost falling between brackets will be rounded to the next higher or lower dollar amount, as appropriate. For example: \$400.01-\$400.49 will be rounded to \$400; \$400.50-\$400.99 will be rounded to \$401.	

Poverty Level as Calculated under the Federal Poverty Income Guidelines	Percentage of Points
0%-25%	130%
26%-50%	120%
51%-75%	110%
76%-100%	100%
101%-125%	90%
126%-150%	80%
>than 150% FPIG but not exceeding the maximum of the greater of 150% FPIG or 60% State Median Income	70%
Calculated poverty level amounts falling between brackets will be rounded to the next higher or lower amount. For example: income at 75.1% will be rounded to 75%; income at 100.6% will be rounded to 101%.	

All final point results that are fractional will be rounded up to the nearest whole number.

Final point results will be multiplied by a dollar-per-point value, which is set by MaineHousing upon confirmation of LIHEAP grant/award amount.

Section 2.6 of the Model Plan:

FFY 2021 minimum and maximum benefits were calculated using the tables above and point values for the Consumption based and Design Heat Load Calculation method, which were \$42 and \$31 per point respectively.

FFY 2021	Minimum Benefit = \$124	Maximum Benefit = \$1,932
Consumption	Lowest consumption (\$.01-\$400) = 5 points	Highest consumption (\$2,501+) = 35 points
Income	Highest income (greater of 150% FPL or 60% AMI) = 70% of points	Lowest income (0%-25% FPL) = 130% of points
Final points	5 x 0.70 = 4 points	35 x 1.30 = 46 points
Benefit	\$31 x 4 points = \$124	\$42 x 46 = \$1,932

2. Calculating Energy Costs. Energy Costs are calculated by the Consumption Based or DHLC method.

A. Consumption Based. Energy Costs will be based on the Eligible Household’s actual Home Energy deliveries, as reported on the Annual Consumption Report, for the primary Heating System as declared on the Eligible Household’s Application.

1. If the primary Heating System is electric, Energy Costs will be calculated by deducting 30% of the Household’s annual electricity cost as reported by the Vendor on the Annual Consumption Report from the total annual electricity cost as reported by the Vendor on the Annual Consumption Report. The 30% deduction accounts for the non-heating usage of electricity.
2. If an Eligible Household resides in Subsidized Housing and has a Direct Energy Cost, any annual utility allowance for heating will be deducted from the Eligible Household’s Energy Cost reported by the Vendor on the Annual Consumption Report.
3. If after 30% of annual electricity cost is deducted for non-heating usage of electricity when applicable, and after annual utility allowances for heating are deducted from annual Household Energy Cost reported by the Vendor on the Annual Consumption report, the Household has a calculated energy cost of less than or equal to zero (0), the Household is only eligible to receive a Benefit in an amount to maximize benefits under the Supplemental Nutrition Assistance Program (SNAP)
4. Energy Cost will be calculated using the Consumption Based method provided the Eligible Household meets the following requirements:
 - i. The Eligible Household has a Direct Energy Cost and;
 - ii. An Applicant occupied the residence for the entire previous Heating Season and;
 - iii. The Eligible Household purchased all of their Home Energy for their primary Heating System from a Reporting Vendor(s) for the previous Heating Season and;
 - iv. Reporting Vendor(s) submitted an Annual Consumption Report to MaineHousing that provided the Eligible Household’s Home Energy delivery information and;
 - v. The Eligible Household’s Energy Costs, as reported by Vendor(s) to MaineHousing, is for their residence only and;
 - iv. The Eligible Household’s primary Heating System does not use wood, wood pellets, corn, coal, or bio-bricks.

B. Design Heat Load Calculation. DHLC shall be used to estimate the Energy Costs for Eligible Households that do not meet the requirements of the Consumption Based method. Under the

DHLC, the number of rooms occupied by the Eligible Household shall be multiplied by the number of BTUs needed to heat an average sized room in a Dwelling Unit. That product will then be multiplied by the number of square feet of an average sized room in a Dwelling Unit. Next, that second product will be multiplied by the number of heating degree days of the Service Area in which the Eligible Household's Dwelling Unit is located. That third product is then divided by one million BTUs. The quotient is then multiplied by the cost of the Eligible Household's primary Home Energy type per one million BTUs. That fourth product is then divided by the efficiency rate of the primary Home Energy type to arrive at the Eligible Household's amount of energy consumption. The cost per one million BTUs and efficiency rate of the Applicant's Home Energy type will be periodically established by MaineHousing. The DHLC is based on the following factors:

1. The total number of rooms in the Dwelling Unit as listed on the Application.
Hallways, bathrooms, and closets are not counted in the total number of rooms;
2. An assumed standard room size for the Dwelling Unit type. Standard room sizes and BTUs required to heat a Dwelling Unit vary by Dwelling Unit type because average room size and surface area exposure to the elements vary by Dwelling Unit type. The standard room sizes and BTUs used for each Dwelling Unit type are as:

Dwelling Unit Type	Standard Room Size	BTUs
Stick-built/Modular	144 square feet	14.3
Manufactured Home/mobile home	100 square feet	13
Apartment	120 square feet	8.3

3. The heating degree days for the Service Area. Heating degree days are updated annually using data reported by National Weather Stations in Maine.
4. The estimated BTUs required to heat the Dwelling Unit;
5. Average cost per one million BTU. MaineHousing determines the average costs per one million BTU annually. Oil, kerosene, and propane costs are obtained by averaging the costs reported by the Governor's Energy Office (GEO). Average costs for all other fuel types are based on a representative survey of Vendors' pricing.
6. The efficiency rate for the primary Home Energy type listed on the Application. The Energy Cost per one million BTU and efficiency rate are based on the primary Home Energy type specified on the Eligible Household's Application.

Home Energy Type	Efficiency Rate
Oil	65%
Kerosene	65%
Propane	65%
Natural Gas	65%
Biodiesel	65%
Electric	100%
Firewood	50%
Corn	60%
Wood Pellets	80%
Bio-bricks	80%
