***The HOME Fund is Key***

## About the HOME Fund

This report provides data and information on MaineHousing's use of the Housing Opportunities for Maine (HOME) Fund. These dedicated revenue funds are derived from the Real Estate Transfer Tax to meet the purpose of the Housing Opportunities for Maine (HOME) Fund. Maine's HOME Fund was created in 1982 to provide MaineHousing with a flexible financial resource to address the state's affordable housing needs. MaineHousing applies these funds directly to Maine's affordable housing challenges. The agency does not use money from the HOME Fund for salaries or the administrative costs of the agency. Title 36, Section 4641-N of the Maine Revised Statutes requires MaineHousing to submit a report every two years to the joint standing committee of the Legislature having jurisdiction over housing.

The key characteristic of the fund is its flexibility. MaineHousing can use the revenues for a wide variety of housing initiatives that might not otherwise have adequate funding. Funds are also used to meet emergency housing needs such as the numerous housing problems resulting from the COVID-19 pandemic.

MaineHousing offers mortgage products that meet the needs of first-time homebuyers. Through its First Home Loan Advantage option, MaineHousing has helped Maine households purchase their first home by providing them with down payment and closing cost assistance funded by State HOME Funds. The Advantage option currently offers \$5,000 (increased from \$3,500 in April 2022) to MaineHousing borrowers with the only requirement being proof of completion of a hoMEworks-approved homebuyer education class.

MaineHousing offers several programs to encourage private development of affordable rental housing for families, seniors, and persons with special needs. Low income housing tax credits, development loans, direct development subsidies, affordable housing tax increment financing, and options to restructure debt are available. Developers are required to ensure that housing developed with MaineHousing financing remains affordable.

# Working to Improve and Preserve the Quality of Housing

## Home Improvements 2021 – 2022 *Safe, Dry, and Warm Housing*

**Upgrading properties to support aging in place, accessibility, and energy efficiency**

Maine has an older, less energy efficient, and often unsafe housing stock. Many Maine homes have significant repair needs and low income residents are not able to afford necessary repairs. To address these issues, MaineHousing has implemented several programs funded through the HOME Fund. These programs are offered to low income homeowners by Community Action Agencies and local Public Housing Authorities to improve and preserve the quality of housing in Maine.

## Innovative Efforts to Reduce Homelessness

As of January 2022 Maine had an estimated 4,411 people experiencing homelessness on any given day<sup>1</sup>.

### What is MaineHousing doing?

Through the Emergency Shelter and Housing Assistance Program (ESHAP), MaineHousing has spent \$6.5 million in 2021–2022 to assist 39 Maine homeless shelters operate and assist an estimated 4,966 homeless individuals.

**Physical Plant Operations**  
Support continued operation of the homeless shelter facilities with assistance in staffing, physical plant maintenance, and operational costs.

**Stabilization**  
Support shelter navigators to conduct housing search and placement activities, assist with basic needs, and other services needed to ensure housing stability.

**Performance**  
An incentive for shelters to achieve performance outcomes focused on the percentage of clients finding and maintaining permanent housing.
